MISSING YOUNGSTERS FOUND—Thomas Puma, 15, and Charlotte Franz, 16, who vanished from Islip last week, wait for a ride home in a police vehicle after they were found living in a rooming house at Delhi, N. Y., Monday. They told Sheriff Wendell Young that they ran away from their home because they wanted to get married. (AP Wirephoto)

Runaways Go Home to Islip, Are Released to Parents

Islip, Aug. 31 (P)—Two runaway teen-agers, whose parents became alarmed when they disappeared last week, were sent back to their homes early today, their plans to marry thwarted.

The Long Island pair were brought here by police last night

after being captured in the Catskill mountain village of Delhi. They were found living in a rooming house.

The youngsters are Charlotte Franz, 16, and Thomas Puma, 15. They were released after a lengthy conference with their parents and police.

Police Lt. Ben Gaiser announced after the conference it had been agreed that the two were in love, that they should be allowed to see each other, but that they were too young to marry.

NO CHARGES were placed against them.

As she left the police station, the girl's mother was asked if she would allow her daughter to marry. "She's too young, absolutely too young," Mrs. Franz replied. "We will have to see what the future holds."

Puma's father was firmly opposed to the couple marrying. He told his son such a step is "more serious than you think." He added, "you can't get married; you've got to finish school."

Lt. Gaiser said parents of both youngsters had been very sensible and cooperative about the escapade.

A diagrammatic plan of the new seven story wing which will house the hospital's basic departments and services was explained by Frank B. Matthews, president of the hospital's board of trustees.

In describing the building which is now being erected and the future projected additions which will be added as funds are secured, President Matthews said that the hospital trustees believe that the medical and hospital needs of this community for the predictable future would be met on the hospital's present location on Broadway at Foxhall avenue.

"NONE OF THE MONEY now being sought and expended will be lost," he said in emphasizing that the present program was a long term developmental project which was being planned for the future hospital needs of an expanding community.

As vice-chairman of the special gifts committee, Allan L. Hanstein declared that fully 75 per cent of the funds currently sought would need to come from the larger donors to the fund. He urged that these donors be

Watchman Is Reported Missing

State police and sheriff's office men were checking today on a report that the night watchman on the Merritt-Chapman & Scott project on the Kingston-Rhinecliff bridge contract has been missing since 6 a. m. Monday.

The watchman was identified as either George or Frank Saunders, about 63, of East Kingston. He was last seen on the job at 5 a. m. Monday, but his automobile was still parked there this morning, authorities were informed.

Sgt. Arthur A. Reilly of the state police, County Investigator Arthur H. Brown and Deputy Benjamin Newkirk of the sheriff's office were checking the shores of the river this morning. State police said they were informed that Saunders had a heart condition and it is feared he may have suffered an attack and fallen into the river.

Storm Drives Along Coast

50,000 Homes, Offices Dark in City—Fears Held for Long Island Crops

New York, Aug. 31 (P)—An early season hurricane roared up the Atlantic coast today and aimed at populous New England.

By late morning the storm center had passed Long Island and the New York metropolitan area, leaving in its wake a swath of

snarled transportation, felled power lines and much small damage.

In Boston, the Weather Bureau urged residents to flee the coastal areas of Connecticut, Rhode Island and Massachusetts to seek safety from expected furious tides and gales.

Coastal areas of Long Island had been evacuated earlier.

ONE DROWNING was reported at Dartmouth, Mass., as the winds and heavy rains lashed the popular summer resort areas along the south shore of Long Island, the New York city area and the southern New England coast.

Wind-downed power lines plunged an estimated 50,000 homes and offices in New York city into darkness, as well as many more thousands in Long Island, New Jersey and New England. Many telephones likewise were out.

OPERATIONS OF THE Long Island Rail Road, largest commuter line in the world, were curtailed almost everywhere by trees across the tracks or lack of power.

Signal circuits were cut at many points on tracks throughout the island, thus adding to the difficulties. Engineers moved their trains with extreme caution, with warnings to watch carefully for track obstructions.

However, a spokesman said the bulk of the morning passenger traffic reached the city before the force of the storm began really to play havoc with operations about 9 a. m. (EDT).

IT WAS FEARED that much damage had been done crops on Long Island, a big potato and truck garden center.

POWER LINES already were down in many Long Island communities as advance winds of 40 to 60 miles an hour swept the finger of land pointing 125 miles into the Atlantic.

In New York city, some transportation was snarled and small boats cast adrift. Airplane arrivals and departures at the major airports were delayed or shifted to other cities. More than an inch of rain had fallen in 12 hours.

At 9 a. m. (EST) the Weather Bureau said the hurricane, named "Carol," appeared to be just east of New York moving rapidly north-northeastward.

The bureau said that "what remains of the hurricane" likely would cross Long Island by noon and then smash into the New England coast. Clearing weather was expected to follow in its wake.

THE NAVY, carefully following the storm's progress, ordered (Continued on Page 11, Col. 8)

A LARGE TREE on Glen street was reported down at 9:08 a. m., this also cut off electric service. A limb was reported down on Walnut street between Aubryn and Ponckhockie streets.

Another fallen tree in the area of 25 Green street brought down wires, and limbs were reported down at 26 Abel street, near 95 Manor avenue and in front of the Thomas print shop on Crown street.

Officer George Dougherty reported at 8:15 a. m., that a large plate glass window at the Minasian store on North Front street had fallen to the sidewalk.

AN OFFICIAL at Central Hudson said reports of service interruptions in scattered areas of the county and city were coming in so fast that it was impossible to determine until later where damage was heaviest.

A telephone company official reported damage to electric lines reported only at Saugerties and some cable damage in Greene county near Lexington.

Rainfall at Brown's Station for the 24 hours ending at 8 a. m., today was 1.52 inches, bringing the total to date in the month to 3.96 inches. At Schoharie the total for the same period was 1.31 inches bringing the total there, to date, in the month to 3.86 inches. The city total was not given.

The top wind velocity in the city at 10 a. m., was 47 MPH. State, county and local police sources indicated no serious traffic mishaps resulting from the storm, which was due to spend the afternoon in the area.

Yonkers Man Killed

Monroe, Aug. 31 (P)—Julius Weiss, of Yonkers, N. Y., died today when his car ran off Route 17 and hit a tree.

Council of Churches Gives Key Message

God's Devotion Only Power Over Fears

By GEORGE W. CORNELL

Evanston, Ill., Aug. 31 (P)—A summing-up message from the World Council of Churches today proclaimed "to all who will listen" that only devotion to God can conquer the fears and "powers of evil" that plague the earth.

In its keystone message, the council's historic assembly declared that mankind's search for freedom, justice and peace is doomed to defeat unless men "turn from our ways to God's way."

"Nothing other than God can ever satisfy the heart of man,"

the message said. "Forgetting this, man becomes his own enemy. He seeks justice, but creates oppression."

"He wants peace but drifts towards war. His very mastery of nature threatens him with ruin. Whether he acknowledges it or not, he stands under the judgment of God and under the shadow of death."

The 1,000-word message, counted the cardinal document of the 17-day world Christian gathering, came as the assembly moved toward its final sessions today.

It declared that God, in Jesus Christ, is "the hope of the world."

Allies Rush Rescue Plans for EDC; U.S. To Continue Efforts

President Asks Faith By Nation Disappointment Is Felt by Leaders

Denver, Aug. 31 (P)—President Eisenhower last night

called the French Parliament's scuttling of the European army project "a serious setback." But he declared the United States never will quit the fight for free world security against any Communist threat.

"We have our setbacks, we are disappointed. But we must not be discouraged," the President said emphatically in a speech at the Iowa State Fair in Des Moines.

Eisenhower learned of the French Assembly's rejection of the European Defense Community (EDC) plan for a six-nation army as he and Secretary of State Dulles were in conference on another matter in Washington yesterday.

Eisenhower and Dulles immediately agreed that the Chief Executive would discuss the development in a general way in his Des Moines address.

THEY ALSO AGREED that Dulles would issue a statement in Washington today (time uncertain) setting forth in more detail official U. S. reaction to French shelving of EDC.

The President then flew from Washington to Des Moines, where state fair officials estimated a crowd of about 25,000 persons heard him speak off the cuff.

Before the EDC development the President had intended to make no address of any major importance. That development reportedly upset him so that he—after consultation with Dulles—switched signals.

AT THE FAIR, Eisenhower spoke of EDC as "a device whereby the free world could establish without indulging in the traditional fights among themselves in western Europe, security from any threat from without."

Then, with former President Hoover on the speaker's stand behind him, Eisenhower added: (Continued on Page 11, Col. 6)

Legion Is Ready For Huge Parade

Washington, Aug. 31 (P)—The American Legion aimed its mammoth convention parade—its biggest ever or close to it—down historic Pennsylvania avenue today.

When it would end was anybody's guess.

Right up to the first "forward march!" at 2 p. m. (EST) officials acknowledged they did not know how long the marchers would be stepping by. But, they

predicted, it will be far into the night before final "halt" rings out.

AND THEY HAD plenty of advance statistics on the swirling mass of drum majorettes, Legionnaires, ladies' auxiliary members and the fun loving 40-and-Sers.

—75,000 to 80,000 parading for 8, maybe 12, hours, to the music of some 350 bands. Along the route perhaps as many as 700,000 spectators, some of them government workers given the afternoon off.

—That would be bigger than the 65,000 or so marchers at the St. Louis Legion Convention last year, bigger even than the record 70,000-plus at New York in 1947.

There was one other statistic everybody discussed but nobody did anything about: It was the Weather Bureau's warning of "rather cloudy with . . . a remote chance of a shower."

Regardless of weather, Legion officials said the parade would go on.

But the parade was enough of official business for one day, they said. No big meetings and speechmaking were on the Tuesday agenda, as there were yesterday and will again be tomorrow.

LAST NIGHT Legion banqueters heard Mme. Chiang Kai-shek tell of China's Communist

(Continued on Page 15, Col. 4)

PRESIDENT EISENHOWER, wearing a Legion cap, acknowledges applause Monday as he arrived to address the American Legion's 36th national convention in Washington. The Chief Executive flew from Denver to speak to fellow Legionnaires, many of whom served under him in Europe during World War 2. (AP Wirephoto)

Watkins Pounds McC to Silence

Washington, Aug. 31 (P)—A Senate Committee wound up its first session inquiring into censure charges against Sen. McCarthy today with the chairman

banging the Wisconsin senator into silence, and thundering he was "out of order."

McCarthy and his attorney, Edward Bennett Williams sought to raise the question of whether the committee's vice chairman, Sen. Edwin Johnson (D-Colo.) was quoted truthfully or not in a Denver Post story of last March. The newspaper said Johnson, in an interview declared:

"In my opinion, there is not a man among the Democratic leaders of Congress who does not loathe Joe McCarthy."

CHAIRMAN WATKINS (R-Utah) ruled that Johnson's right to sit on the committee had not been challenged and that even if it was, the committee itself couldn't act on it. He said the matter was irrelevant to the hearings and that McCarthy and Williams could get from Johnson himself any statement on whether the Post quotes were true or false.

Prior to the flareup, Johnson had read a statement denying that on March 12 or any other time he had said that he personally "loathed Senator Joseph McCarthy."

McCarthy spoke up to ask "are we entitled to know whether the quotations of March 12 are correct or incorrect?"

WATKINS TOLD him he could get that at some other place than the hearing.

"Mr. Chairman—" McCarthy began again.

"Just a minute," Watkins (Continued on Page 2, Col. 8)

Princess Warned To Avoid Play

Edinburgh, Scotland, Aug. 31 (P)—An unidentified man

telephoned an Edinburgh newspaper today to "warn" Princess Margaret to stay away from a Shakespearean performance here tonight.

Police said they are taking normal security measures but they generally believed the man was a hoaxer.

The man, who called, the newspaper warned that "the Nationalists will be there," at the Empire Theatre opening. Nationalists is a term applied to persons wanting Scottish independence or home rule, but they are not cohesively organized.

Bids on Thruway Facilities Will Be Read Sept. 16

Bids will be opened in Albany Sept. 16 for construction of temporary restaurant facilities and related temporary gas stations at the interchanges joining Route 28 with the New York State Thruway at Kingston and Route 9W in Albany, it was learned today.

The bids will include estimates on heating, ventilation, plumbing, electric work and food service equipment as well as general construction.

BIDS WILL BE received until 2 p. m., on the day scheduled for opening them. Drawings and specifications may be examined at the state office building, Albany, or the district engineer's office, Poughkeepsie, or any other district engineer's office.

The restaurants and gas stations will serve the public after the thruway is opened until completion of the regular restaurant facilities, which are to be built at various points along both sides of the expressway.

Republicans May Employ Eisenhower Popularity

Cincinnati, Aug. 31 (P)—Republican party leaders grabbed President Eisenhower's political coattails firmly today in an effort to translate the I-Like-Ike appeal of 1952 into congressional victories at the polls in November.

If an apparent majority of members attending the GOP national committee workshop sessions here have their way, the Eisenhower personality may be

pumped into nearly every critical campaign area in the country by on-the-spot and television appearances and by radio appeals.

Rep. Richard Simpson of Pennsylvania, chairman of the Republican congressional campaign committee, told a news conference yesterday that as matters stand Eisenhower is going to be more active in this non-presidential year battle for

French Act Serious Jab At Defense Assembly Ballot Death to Compact

Paris, Aug. 31 (P)—The western coalition against communism

reeled today under France's crushing rejection of the European Army plan, but allied leaders rushed forward new rescue plans.

By a 319-264 vote the French National Assembly voted last night to postpone debate indefinitely on the six-nation European Defense Community Treaty, signed 27 months ago after long and troublesome negotiation to bring German soldiers to the western side but with their bayonets pointed east.

The vote on the preceudal motion was a clear-cut death blow to the plan which France herself originally proposed to join 12 German divisions in an internationally controlled force with French troops and those of Italy, Belgium, Luxembourg and the Netherlands.

FOR THREE YEARS EDC had been a keystone of western defense policy.

There were sad and troubled French legislators today who said now no one could be sure whether West Germany could be kept oriented to the allied side with a fighting force the North Atlantic Command has been seeking for so long.

Only limited steps can be taken immediately unless the United States and Britain take a bold decision to go ahead without France.

Many of the same French deputies who voted down the plan to put German soldiers into a European Army have declared they would vote also against any immediate rearming of West Germany, even if she were to pledge her troops to the North Atlantic Treaty Organization.

MANY DEPUTIES who supported the European army swore to vote against German rearmament without the controls EDC would have provided.

American diplomats and military leaders here did not take too seriously the unofficial talk heard in the United States that America and Britain might go ahead alone with the rearming of Germany if France tried to slow the pace again.

But sources here were aware that American vexation already has been reflected in congressional curbs put both on the quantity of money voted for Europe and the manner in which it could be spent.

With the idea for a centrally controlled European army derailed, American, British, West German and French officials prepared to find a replacement as quickly as possible.

A British foreign office spokesman said that talks would be arranged immediately to give Germany her independence, which up to now has been dependent on creation of the European army.

FRENCH-PREMIER Pierre Mendes-France already has said he would go along with the speedy restoration of sovereignty to West Germany, but he has emphasized that this endorsement does not include rearmament. Any British-American effort to bypass the French on this likely would precipitate a crisis in the North Atlantic alliance. The British-American plans for (Continued on Page 11, Col. 7)

Weather Roundup

New York, Aug. 31 (P)—High and low temperatures in nine U. S. cities for the 24 hours ended at 8:30 a. m. today were:

City	High	Low
New York City	73	62
Boston	66	60
Buffalo	61	57
Chicago	73	58
Denver	94	60
El Paso	89	70
Kansas City	87	64
Los Angeles	82	72
Washington	84	65

(Continued on Page 11, Col. 6)

Tents Damaged But Fair Opens In Dutchess Co.

The Dutchess County Fair opened today at Rhinebeck in spite of winds and rain, which forced cancellation of grandstand shows, damaged several tents and slowed the judging of cattle.

The storm struck the fairgrounds early today, badly ripping one cattle tent and causing minor damage to several other tents. Animals were moved immediately from the ripped tent to other quarters.

Children's day, during which all children accompanied by adults are given free admission to the grounds and grandstand was extended to include Wednesday, it was reported early this afternoon at the information office.

THIS AFTERNOON'S grandstand show was canceled, and it was expected tonight's show would be canceled also, unless the weather clears early enough to allow the track to dry.

Judging of the open Angus cattle class was in progress today in spite of the rain, but 4-H cattle judging will be done Wednesday instead of today. The open Holstein classes will be judged on Thursday instead of tomorrow.

People tend to be bigger the farther away from the tropics.

DIED

McCAFFREY — Margaret (nee Kelliher) Tuesday, Aug. 31, 1954, wife of the late Frank McCaffrey; step-mother of Miss Mary McCaffrey.

Funeral will be held from the residence of her nephew, Hon. John M. Cashin, 262 North Manor avenue, Thursday morning, Sept. 2, at 9 o'clock, thence to St. Joseph's Church where a high Mass of requiem will be offered at 9:30 a. m., for the repose of her soul. Interment in St. Mary's Cemetery. Friends may call at the residence this evening 7-9 and Wednesday afternoon and evening 3-5, 7-9.

Court Santa Maria No. 164

Catholic Daughters of America. All officers and members of Court Santa Maria No. 164 Catholic Daughters of America are requested to meet at the home of the Hon. John M. Cashin, 262 North Manor avenue, Wednesday evening at 7:30, to recite the Rosary for our departed member, Mrs. Margaret Kelliher McCaffrey, and attend the requiem high Mass in a body at St. Joseph's Church Thursday morning, Sept. 2, at 9:30 o'clock.

Signed

Parking Is Prohibited

Because of travel to and from the Dutchess County Fair over the Kingston-Rhinebeck ferry, Police Chief Raymond Van Buren yesterday issued notice that parking will be prohibited on the north side of Ferry street between the ferry shed and Hasbrouck avenue. Signs prohibiting parking will remain there until the fair ends.

Rosendale

Bowlers Meet Today

Rosendale, Aug. 31—The annual meeting of the Chalet Pioneer Women's Bowling Association will be held at 7:30 p. m. today at the Chalet. Anyone interested in bowling this year is cordially invited to attend the meeting.

Sessions to Resume

Rosendale, Aug. 31—Sessions of the Church school of the Rosendale Reformed Church will be resumed Sunday, Sept. 12, at 9:45 a. m. A meeting of the church school teachers is scheduled for 8 p. m. today in the church hall.

Bazaar Is Scheduled

Rosendale, Aug. 31—The annual bazaar of St. Peter's Church, Rosendale, will be held September 4 and 5 on the church grounds. There will be fun and prizes for everyone, with a special program for children. This year, there are three features to the bazaar which, it is hoped, will attract a good crowd. A new car will be given away, as will a real, live pinto pony, and a saddle and bridle will be included. Also, there will be the usual sale of cakes, pies, buns, muffins, crullers, salads, home-cooked dishes, and handiwork, including towels, tablecloths, etc. Carl Mihm is general chairman of the committee in charge. Proceeds will go toward the support and maintenance of the church and school.

Troop 17 Takes Hike

Rosendale, Aug. 31—Much interest in the newly organized Boy Scout Troop in Rosendale is being shown by the boys in this area. Membership in Troop 17, sponsored by the Rosendale-Tillson Post of the American Legion, is open to boys at least 11 years of age residing in this area who are interested in scouting. At the present time eight are registered and more are expected to become members shortly. Last week, the troop enjoyed a hike to the Fourth Binnewater Lake and some Scouts passed tests.

Fishing Champions

Get Prizes at Lake

Rosendale, Aug. 31—A fishing derby for boys and girls under 16 years of age and residents of the village of Rosendale was held Sunday afternoon at DeWitt Lake. In the derby were a number of boys, ages ranging from six to 14.

The event was sponsored by the Rosendale Summer Recreation Program officials, under the direction of John B. Helmer, Jr., recreation director.

In the rod and reel division, Jack Regan caught 12 fish, and was awarded the 1954 championship prize of a bait casting rod and reel. Other winners included Richard Matthews, awarded a jitterbug plug for his string; Martin Einemann, awarded a minnow type plug; Matthew Beachak, who caught the first fish, and who likewise earned honorable mention for his "monster" size sunfish which he landed; in the drop line division, Wolfgang "Mucky" Strobl won a bait casting rod and reel for his very good string of fish. Six year old Bobby Constant was also a winner, using 50 yards of line.

The entrants included Joseph Einemann, Fred May, Robert Currier, Richard Currier, Eric Constant, Doug Constant, Eugene Beachak, Arthur O'Dary, Daniel Helmer, Gerald Davis, Robert Bailey, George Williams and Tom Burningham, as well as those winners mentioned above. Mr. and Mrs. Walter May and Mr. and Mrs. William Einemann kept things running smoothly on shore while John Helmer, Sr., circulated around in a boat just in case any of the young fishermen fell from shore into the lake.

Prizes were given by the Village, from the recreation fund.

Testimony Says Fleming Advised PWs Not to Balk

Ft. Sheridan, Ill., Aug. 31 (AP)—A U. S. Army officer testified today that Lt. Col. Harry Fleming advised his fellow prisoners in a North Korean POW camp not to resist the Communists openly because it might result in their being punished.

Fleming's military trial on charges he collaborated with the Communists and committed acts detrimental to his fellow prisoners during 34 months as a prisoner of the Communists entered its second day.

1st. Lt. Louis Wilson of Shreveport, La., said under cross examination that Fleming at one time was elected compound leader of the POWs in his camp because he "seemed to get along OK with Kim," the Communist camp commander.

HE SAID THAT the Communists at one time ordered the prisoners to write an account of their experiences since being captured. Wilson quoted Fleming as telling the POWs they should go no further in preparing the scripts than their conscience would allow.

Wilson said he heard Fleming say this policy was because open resistance would result in the prisoners being sent to "The Caves," an especially harsh camp where prisoners were sent to be punished, and that he did not wish to be responsible for that.

WILSON SAID all the prisoners, including Fleming, tried to make the scripts "as innocuous as possible."

Air Force Major David F. Macghee of Falls Church, Va., another witness called back today for cross-examination, said the number of American casualties in prison camps and their "weakness of moral fiber" would not have been so prevalent "if our leadership had been stronger."

He said that in the long run prisoners who acted "like loyal Americans were treated every bit as well as the camp informers, stool pigeons or those who cooperated" with prison officials.

FLEMING, 46, who has denied the charges, faces a maximum penalty of life imprisonment, dismissal from the service and loss of pay if convicted. Fleming, who has been in military service since he joined the National Guard in 1937, was captured in both legs before his capture in Korea Oct. 1, 1950.

Local Death Record

Joseph H. Welsh

Joseph H. Welsh, 72, who until his retirement was head engineer at Brooklyn Navy Yard, died Monday at his home in Brooklyn. Mr. Welsh is survived by his wife, the former Helen Anglin, of Kingston, and two sons, the Rev. Robert E. Welsh of Cathedral College of the Immaculate Conception in Brooklyn, and the Rev. Brother C. Albert Welsh, FSC of Manhattan College in the Bronx. Funeral from the Scully Funeral Home, 203 DeKalb avenue, Brooklyn, Thursday. A solemn Mass of requiem will be offered at Queen of All Saints Church at 9:30 a. m. Burial in St. Charles Cemetery.

Mrs. Margaret K. McCaffrey

Mrs. Margaret Kelliher McCaffrey died in Kingston today after an illness of one year. Mrs. McCaffrey was the daughter of the late Maurice and Johannah Sullivan Kelliher. She was a member of St. Joseph's Church and Court Santa Maria No. 164, Catholic Daughters of America. Surviving are a stepdaughter, Miss Mary McCaffrey of Yonkers, and several nieces and nephews. Her husband, Frank McCaffrey, died some years ago. The funeral will be held at the home of her nephew, John M. Cashin, 262 North Manor avenue, at 9 a. m. Thursday, thence to St. Joseph's Church where a high Mass of requiem will be offered at 9:30 a. m. for the repose of her soul. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home from 7 to 9 p. m. today and from 3 to 5 and 7 to 9 p. m. tomorrow.

Fenton Hearings Are Adjourned

Hearings on two fraudulent check charges against Robert Fenton, 34, of Route 4, Kingston, scheduled for Monday before Justice of the Peace Glenford Myers of the town of Saugerties, have been adjourned until Wednesday at 5 p. m.

The adjournment was ordered after it was disclosed that Fenton was arrested on a third fraudulent check charge Saturday night and re-arrested Monday on a warrant signed by Justice of the Peace McDowell of the town of Gardiner on a petit larceny charge, also reportedly involving a bad check. The hearing before Justice McDowell has been set for Sept. 7.

Excelsiors to Plan Ellenville Parade

Excelsior Hose Company and the Ladies' Auxiliary will parade in Ellenville at inspection day for Kimball Hose on Saturday, Sept. 11, led by the Saugerties Drum Corps.

This announcement was made today by President Henry Trice of Excelsiors, who said final arrangements for the trip are to be made at a special meeting Wednesday at 8 p. m. The Auxiliary will complete its plans on Thursday at 8 p. m.

Arrangements are for Excelsiors and the ladies to leave the hose house on Hurley avenue at 1 p. m. and line up in Ellenville for the parade at 2:30 p. m.

TELLING 'EM OFF ARTISTICALLY—Dick Unteet, of Columbus, Ohio, would rather be dealt with directly instead of through official channels. When someone complained to police of late-night noises in the shop of his garage, Dick retaliated with this sign which says that a word to him is sufficient. That's Mrs. Unteet helping with the artistic reply.

Believe One Is Wounded, but No Trace Discovered

Boston, Aug. 31 (AP)—A shooting exchange in Roxbury, in which one man was believed wounded, was reported to police today a few minutes after Anthony J. "Tony" Pino, 45, of Quincy, once a suspect in the Brink robbery, surrendered for questioning in the Suffolk county jail escape of Elmer "Trigger" Burke.

Police converged on the spot, near the Dudley street Police Station, but no trace of the participants was found. Later a resident reported he had seen two men crawl through a fence opening, one moaning "I've been shot."

Police speculated on whether the elusive Burke or some of his underworld mob had invaded the area which once was a hangout for Joseph "Specs" O'Keefe, another Brink's suspect and his missing pal, John H. Carlson. Police believe a machinegun seized when Burke was arrested was used in a shooting attack on O'Keefe last June.

Pino walked into police headquarters early today to submit to questioning after police sent out a 10-star alarm to have him picked up.

The portly Pino was booked on suspicion of aiding in the delivery of Burke from the downtown jail.

Late Bulletin

Washington, Aug. 31 (AP)—

Secretary of State Dulles said today the United States will re-appraise its foreign policies in the light of the French move killing the European army. He called for a prompt meeting of the NATO Council to work out a new philosophy.

Dulles spoke up in the wake of action by the French Parliament killing the idea of the European Defense Community—EDC—under which six western European countries would have set up a joint army.

THE SECRETARY said that now the three western powers—the United States, Britain, and France—must move quickly to do everything possible—to restore sovereignty to West Germany "and to enable it to contribute to international peace and security."

He attributed the defeat of EDC in the French National Assembly to "nationalism, abetted by communism" and said that the effect has been to "endanger the whole of Europe."

Attends Fair

New York, Aug. 31 (AP)—Rep. Franklin D. Roosevelt, Jr. (D-Lib.-N.Y.), candidate for the Democratic nomination for governor, is attending the Dutchess County Fair at Rhinebeck, today and tomorrow, exhibiting cattle from his farm, his headquarters here said.

GETS VETERANS' BENEFITS—Mrs. Anita Bloom Muller, a paraplegic, of Nyack, N. Y., is the first member of the Women's Auxiliary Army Corps to file for veterans' disability benefits. The bill says members of the WAAC who were unable to become members of the Women's Army Corps because of service-incurred disability should benefit under veterans' laws. She was taking an Army administrative course as a WAAC when she was stricken by paralysis. Mrs. Muller is the first of four women that the bill will benefit.

OIL UNDER CAPITOL—The State Capitol in Oklahoma City stands in an oil field which contributes to state funds. Well, below foreground derrick, runs under Capitol itself.

Schuster Case Break May Come

New York, Aug. 31 (AP)—Asst. Dist. Atty. Julius Helfand said today in Brooklyn that police hope to break the 29-month-old slaying of Arnold Schuster "in a very short time."

Helfand, chief of the Brooklyn district attorney's rackets squad, made the statement in addressing County Judge Samuel Liebowitz.

He asked Liebowitz to delay execution of sentence against two Brooklyn dock hands who have pleaded guilty to stealing eight guns. One of the guns, police have said, was used to shoot down Schuster on a Brooklyn street on March 8, 1952.

Schuster was the man who spotted the fugitive bank robber, Willie (The Actor) Sutton in a subway and notified police. Sutton was in jail when Schuster was killed a few weeks later.

Ammunition Boat

hurled a man 10 floors to his death from a fire escape on a downtown building. Another man was reported drowned at Dartmouth, Mass., while trying to moor a boat. The coast guard was searching for three boys believed missing in Quincy (Mass.) Bay.

THE NAVY reported wind gusts of 90 miles an hour at Newport, R. I., as the eye of the hurricane moved past that city about noon (EDT). Water sweeping over wharves into waterfront streets rose higher than in the disastrous 1938 hurricane when some 500 persons met death along Rhode Island and other New England coastal areas.

Some advance warning this time was believed to have averted loss of life in the Newport area.

The 6,000 ton motor vessel Rosario, of Liberia registry, requested assistance off Nantucket shoals, reporting she was in "very serious" condition. She carries a crew of 30. The message to the coast guard said the engine room was taking water.

The Schooner Ventura was reported aground at Marblehead, on Boston's north shore. Eight yachts were reported grounded in the City Point area of Boston Harbor.

SKIFFS WERE blown from their moorings in Rhode Island. Cities and towns throughout southern New England including much of suburban Boston were without electricity. Telephone lines were down in scores of cities and towns in southern New England.

In New London, Conn., City Manager Edward Hinkle ordered a state of emergency. Thousands of homes lost their power, scores of trees were uprooted blocking highways and tearing down utility lines. All along the shore, residents were asked or ordered to leave their homes.

NORWICH and New London were among the areas hard hit in Connecticut. Both communities reported general power failure. The rising waters of the Shetucket river closed a bridge in the Norwich business center. Many who attempted to cross it had to be rescued. Norwich officials reported that many severe lines were blocked threatening flood conditions.

At the state-owned Boston airport, gusts of 80 MPH were recorded at the control tower at 11:30 a. m.

Since no planes were flying, the tower crew abandoned the glass enclosed building and took refuge in the terminal building. The wind broke hundreds of panes of glass in the big terminal.

Earlier planes scheduled to land in New York and other eastern airports have been diverted to Boston.

Condition Is Fair

Henry Charles Humphrey, 14, of 9 East Pierpont street, one of four persons injured in traffic mishaps here Sunday, was reported in fair condition today at the Benedictine Hospital. The others have left the hospital. Humphrey and Carol Mooney, 17, of 32 Broadway, were injured in a Lucas avenue mishap and John Mazzuca, 19, of 85 Hoffmann street, and Gene Langdon, 23, of 161 Wall street were injured in an accident on the Boulevard near Leher's Restaurant.

Financial and Commercial

New York, Aug. 31 (AP)—The

stock market slumped today with trading hitting a fast pace.

In the early afternoon, prices were down 1 to 3 points in many sections of the list.

Trading stepped up to pace better than two million shares. Yesterday's total in a falling market was 1,950,000 shares.

Aircrafts were under selling pressure early in the session, and the steels soon joined them as selling targets. The railroads a little later took their place on the selling side.

Among stocks down 1 to 3 points were Boeing, Bell Aircraft, General Dynamics, Republic Aviation, U. S. Steel, Bethlehem Steel, Youngstown Sheet & Tube, Southern Railway, Katy Preferred, Seaboard Railroad, Kennecott Copper, Allied Chemical, du Pont, and Montgomery Ward. Also lower were American Telephone, Radio Corp., Westinghouse Electric, and New York Central.

Herd Production Record
Averaging 26 quarts daily, Nuway Spofford Rose, a registered Holstein owned by Mrs. Frances Leggett of Stone Ridge, recently completed an official Herd Improvement Registry production record totaling 16,576 pounds of milk and 609 pounds of butterfat in 297 days. Her production was about three times the average U. S. cow. Testing was supervised by Cornell University in cooperation with the Holstein-Friesian Association of America.

Quaker Man Will Visit Kingston

The Quaker Man, a familiar figure in cities throughout the nation for the past year and a half, giving advice to school children and their parents on behavior for the growing generation and adults has Kingston on his itinerary.

This announcement was made today by Joseph McTague, 56 Trenton street, local representative of The Quaker Oats Co., who said the Kingston Lions Club is bringing him to the area. Dates for his appearance here are September 14 and 15, McTague said.

ENDOWED with a baritone concert voice, Val Gould, the Quaker Man, who dresses like William Penn, is also scheduled for appearances outside of Kingston in rural areas to talk to school children and parents. Richard M. Kalish, program director for the Lions, and a member of the Kingston Board of Education, was happy to invite the Quaker Man here, he said, after hearing his talk, which is aimed at juvenile delinquency. Mayor Frederick H. Stang, Sheriff Cluett Schantz and Edmund Burhans, Ulster county probation officer were equally impressed, as indicated by their endorsement of his appearance in the area.

WHEN THE QUAKER MAN addresses teen-agers, he vividly and effectively points out why good American youngsters should avoid the pitfalls that lead to delinquency. McTague said. In advising parents, he emphasizes the part they must play in guiding the growing generation for the purpose of character building, and their responsibility in furnishing the proper environment to develop good future citizens.

On September 14, talks are scheduled at Kingston High School assembly, 9 a. m. Lions luncheon, 12 noon and one to the Parent-Teacher Association, George Washington School, 8 p. m.

THE NEXT DAY, September 15, the Quaker man will return to Kingston High School for another talk at 9 a. m., then fly from Poughkeepsie by plane for Attleboro, Mass., to keep another date before talking in rural areas of the vicinity.

Saugerties High School is scheduled for September 16 for a lecture to the students at 11 a. m. and one to the P-TA at 8 p. m. Ellenville engagements are down for the 17th, following which other speeches will be heard at Kerhonkson schools and the Onteora Central School.

W. M. Nicholson Dies

Syracuse, Aug. 31 (AP)—Walter M. Nicholson, former vice chairman of the State Correction Commission, died yesterday at the age of 87.

A man who would weigh 190 pounds at the north pole would weigh only 189 pounds if he stood on the equator because the centrifugal force of the turning earth would counteract gravity.

REPLACES A-BOMBED CHURCH—Contributions built this World Church of Peace on the site of another Catholic Church demolished in Hiroshima, Japan, nine years ago.

Desegregation Is Begun at Hobbs

With the possible exception of the kids—who regret the end of vacation—everybody breathed easier today as studies began in earnest in Hobbs' desegregated schools.

About 6,000 children, 400 of them negroes and the rest white, trooped back to class without incident yesterday, easing adult fears that violence might mark the end of segregated schools.

"I thought the people would abide by the law," said the Rev. William Carter, Baptist minister who led the anti-desegregation fight.

"THERE WAS no trouble whatsoever," said Charles L. Mills, superintendent of the seven-school system.

Police, who stood by with fingers crossed through a tense week, said they thought the crisis was passed.

Carter had predicted last week that this southeastern New Mexico oil community of about 15,000 population would "explode into violence" if the desegregation plan was put into effect.

HIS CHANGE of heart came Sunday when he urged his followers—members of the Hobbs segregation committee—to find "God's way to settle our problem." At one time, he claimed to have 8,000 signatures on a petition urging continued segregation.

The furor at Hobbs was in sharp contrast to the end of segregation in other New Mexico schools at Artesia, Clovis, Las Cruces and Carlsbad. School boards in those communities, like the one at Hobbs, had decided to end segregation on the basis of the Supreme Court's recent ruling outlawing the practice.

Only on school system still has segregation. The Roswell system which has desegregated higher grades and is expected to follow suit in the lower grades.

Bodies of 193 To Be Returned

Sanul Aug. 31 (AP)—Bodies of 193 Americans killed in the Korean war will be returned from Communist North Korea tomorrow morning for final burial on U. S. soil, the Communists said today.

The Reds also advised the UN command they will return seven allied bodies of unknown nationality during the first daily exchange of bodies. The transfer is expected to run more than a month.

The allies will give the Reds 500 Korean bodies and 100 Chinese bodies tomorrow. The allies have disinterred more than 14,000 Communist war dead from battlefield cemeteries in South Korea to exchange for 4,011 allied bodies the Reds have promised to deliver.

Contractors Get Blast Permission

Yonkers, Aug. 31 (AP)—Contractors working on the New York State Thruway have permission to resume blasting at Yonkers and nearby Tarrytown, ending bans imposed last week.

In the Rockland county community Hillburn, however, officials decided against relaxing their ban until a check could be made on the effects of smaller blasts.

The Yonkers ban went into effect a week ago Monday after a blast that day buried a 100-foot stretch of road.

At a conference with city officials yesterday, the contractors, L. G. Felice, Inc., and J. Langenfelder, Inc., won back their permit by promising to obey blasting regulations. They also agreed to build access roads for emergency use whenever blasting was close enough to a road to endanger it.

IN TARRYTOWN dynamiting was stopped last Friday after a damaging blast. Before the permits were renewed, contractors were required to protect themselves with at least \$300,000 insurance against personal injury and \$500,000 against property damage.

At Hillburn, Mayor Charles Banker stopped the blasting last Wednesday after one explosion showered rocks over the end of the village. He refused to restore the permit yesterday until after tests with a smaller charge are made tomorrow.

The U. S. Commodity Credit Corporation owns more than six billion dollars' worth of commodities purchased in price support operations.

Dewey Says State Transition Good

Albany, Aug. 31 (AP)—Gov. Dewey maintains that New York state has made a successful transition to a post-war economy and that "jobs are steadily and surely on the increase."

The governor, in a statement issued yesterday proclaiming Sept. 6 as Labor Day, declared that the number of persons claiming unemployment insurance "took a spectacular drop" from mid-July to mid-August.

He listed the decrease as from 333,400 to 248,445 and described the period in which it took place as normally the slackest of the year.

Dewey's statement took no direct notice of Democratic claims that mounting unemployment was undermining the state's economy.

Last night, Richard H. Balch, Democratic state chairman, said that economic conditions would be the primary issue in the gubernatorial campaign this fall. He told the New York State Society of Newspaper Editors, meeting at Cooperstown, that there were more than 400,000 in the state unemployed in non-manufacturing enterprises.

ALTHOUGH DEWEY made no mention of such charges, he appeared to be taking the occasion to set forth his administration's record on labor problems. He said:

"In short, labor in New York state today enjoys more safeguards against the physical and economic hazards of modern industrial life than ever before."

Dewey said that unemployment insurance showed the nation had made a successful economic readjustment after the Korean War. "New Yorkers," he said, "have felt the adverse effects of readjustment less than the rest of the United States."

He said the state unemployment insurance trust fund, "in spite of the heavy demands upon it," had risen from \$1,243,452.641 on July 30, 1953, to \$1,260,009,155 on July 30, 1954—an increase of more than 16½ million dollars.

TRAIN, PLANE, SHIP

or car—no matter how you travel, you should have a Personal Effects Policy. This inexpensive insurance protects against loss by fire, theft and many other perils.

THE STRANGE VARGAS CASE
Having just tried a few months ago to fathom the mysteries of Latin-American politics in Guatemala, we must now endeavor to thread our way through the strange events that led to the suicide of Getulio Vargas, president of Brazil.
The story began with one Carlos Lacerda, an editor and broadcaster who attacked Vargas furiously. An unsuccessful assassination attempt was made against Lacerda. Unfortunately, a bullet meant for him killed a young air force major and a terrific stir followed.
It was disclosed later that Lacerda's assassination had been plotted by Vargas' private bodyguard, which put responsibility for the young officer's death squarely at his door. This was so even though no evidence was brought out that either Vargas or his son, also an object of Lacerda's attacks, had instigated or had knowledge of the plot beforehand.
The major's death aroused great feeling among his fellow officers and elsewhere in the Brazilian armed forces. Normally the military could have been relied upon as a stabilizing factor in a touchy situation, but its direct involvement altered the matter.
The Communists, more numerous in Brazil than anywhere in Latin America, saw golden opportunities in this disturbed condition. It meant nothing to them that the editor Lacerda was one of their bitterest enemies; they exploited the events to embarrass Vargas.
Evidently the internal turmoil reached a sufficient pitch to cause responsible military men to ask Vargas to step down as president. He is said to have replied that he would not yield his presidency alive before his term expired (in 1956). If this is what he said, he made good the pledge, with a bullet into his own heart.
Thus passed into history the man who has ruled Brazil for all but six of the 24 years from 1930 until now. He was ousted in 1945 but won popular elections in 1951. In 1930 he had led an armed march on Rio de Janeiro to become provisional president.
Vargas was a resourceful politician, as one must be to hold power that long in a Latin-American country. It is regrettable that at 71 his resources were unequal to this last difficult challenge to his regime.
The West, and especially the United States, has lost a firm, tested friend. His successor as President, Joao Cafe-Filho, is said to be no less a friend to this country, but as a statesman and politician he is still to be tried. Clearly, the greatly enhanced prestige of Vargas' enemy, Lacerda, will give him one of his stiffest trials.
The United States sincerely mourns Getulio Vargas, and bravely hopes that somehow his place can be filled.

THE 'MO' RETIRES
The battleship Missouri, familiar to the navy and the nation as the "Mighty Mo," is on its way to being decommissioned. A manpower shortage and budget limitations have made it necessary that the "Mo" join the mothball fleet.
The "Mo" was one of the most famous ships that served in World War II. It was on her deck that the Japanese leaders came when the formal surrender took place. With the "Mo" on the inactive list only three battleships, the New Jersey, the Wisconsin and the Iowa, remain on active duty.
The Missouri will be standing by, ready to be pressed into service again if she is needed. Whether or not the "Mo" ever again sails out to fight she will be remembered with affection.

AVOIDING ACCIDENTS
New York state has adopted a safety measure that deserves imitation. Henceforth applicants for renewal of their drivers' license must bring doctor's certificates that even though they are afflicted with certain ailments, they are able to drive properly. These ailments include fainting spells, diabetes, a stroke, Bright's disease, excessive high blood pressure, or heart

'These Days'

By GEORGE SOKOLSKY
BROTHER CAN YOU SPARE A BUCK

Honorable Harold E. Stassen
Official Almoner of the Government of the United States
Washington, D. C.
Dear Harold:
It is a long time since we have seen each other. In former days, when your hopes were high that you would guide this nation, I must admit that I thought that it might be best for our friend, Bob Taft, to take over because he would clarify the position of our party by making it a distinctively conservative element in American life.
Most Americans are basically conservative and require a political vehicle to express their views. This, of course, is lacking today and that is why there is so much intellectual confusion. Bob would have been good for the United States; unfortunately he passed away and there is no advantage in delving him. Dead gods are not of more value than a totem pole.
But this letter is not a polemic on deities. Rather it is an appeal for money. You are giving so much away in so many countries for so many reasons, that I would like to get some of it. Perhaps the law says that you are permitted only to give money to foreigners; well, my grandparents on both sides were foreigners. Maybe that would help you to stretch a point.
You see, I am an independent merchant who sells the spoken and written word. I might be regarded as a very handsomely paid person, earning more than Andrew Carnegie dreamed possible when he emerged into the shekels.
However, I have no tricks at my disposal. I am paid by check which means that every cent is accounted for. I can cash no cash in a shoebox under my bed, except a few dollars for safety should an atom bomb fall on New York when I am on my farm. If I happen to be in New York at the time, it will, of course, make no difference, as everything will go, including my collection of jade bangles which survived many centuries of civil war.
Each year I make out my income tax, with some technical assistance, and after I pay it, my earnings shrivel to reality. As an independent merchant, I have office and travelling expenses which a kindly government acknowledges as proper business expenditures and which it permits me to deduct from gross earnings.
So the gross is a phantasmagoria. It is a momentary arithmetical thrill. When from the so-called net, the Federal and State taxes are deducted, the final net is not so pretty. One can manage, but the distance between the gross and the net net is considerable.
Now in the days of the New Deal and the Fair Deal, the Internal Revenue Bureau always sent nice, young men to go over my income tax statements line for line and word for word. Like all good citizens, I do not swindle, but I do recognize that there might be a difference of opinion. Whenever I was called upon to pay a nominal sum, which was probably added to my tax to prove that I had had a visitation, I used to say that when the Republicans get in, not only would taxes be reduced, but the method of collection would be less punitive. I had great faith in the Republican Party. Alas, recently a nice, young man from the Internal Revenue Bureau came along and he disallowed what the Democrats let me deduct. I suppose that might be called Democratic liberalism.
So that brings me to the reason for this letter. You hand money to the French, the Pakistanis, to Nehru in India and Haile Selassie in Ethiopia. How about slipping me some of the American taxpayers' money to help pay my revised tax bills? Mind you, I do not want a loan; it would be dishonest to call it that. What I need is a grant, something you take but never pay back. And I guarantee that if you hand me a moiety out of the billions you just got from Congress, I will never doublecross our good friend Foster Dulles at a conference, because nobody will ask me to a conference.
Perhaps my appeal is in vain as I am only an American citizen who chooses to live in the United States.
As ever yours,
GEORGE E. SOKOLSKY.
(Copyright, 1954, King Features Syndicate, Inc.)

That Body of Yours
By JAMES W. BARTON, M.D.
CARBON MONOXIDE POISONING
Poisoning by carbon monoxide is a very frequent cause of death as it is frequently the method used in suicides and suicide attempts as well as accidental poisonings. It may frequently occur in the home from an improperly working furnace or stove, from defective gas fixtures or the careless use of gas appliances, as well as automobile exhaust fumes. Carbon monoxide poisoning may also occur in elderly people and in alcoholics in attempting to prepare their own food by faulty or incomplete turning on and lighting of gas.
Young children, and particularly infants, seem to be more susceptible than adults, and parents sleeping in the same room with their infants may seem perfectly healthy while the child is suffering from severe carbon monoxide poisoning.
Usually it is perfectly easy to diagnose carbon monoxide poisoning as the victim is discovered, dead or alive, in a room filled with gas. There are, of course, cases found unconscious although the gas has mostly escaped.
What should be done in these cases? No time should be lost in improving the supply of oxygen to the lungs because the way carbon monoxide poisons is by rendering the blood unable to carry oxygen. Exertion of any kind on the part of the patient should be guarded against, even in very mild cases. Patients should, of course, be removed from the source of the poisoning and then placed in the prone position (lying face downward) and artificial respiration and oxygen administered.
Chances of recovery are reduced in those already suffering from heart or blood vessel disease. The patient should be taken to the hospital and oxygen treatment continued. The administration of whole blood may be necessary if the patient's own blood has been so altered by the carbon monoxide that it cannot carry sufficient oxygen. In severe cases, measures to combat shock are important. Drugs, with the possible exception of caffeine, have no place in the treatment.
These patients may remain unconscious for 24 hours or longer. They may remain conscious, only to die later. A further danger is the development of bronchopneumonia.
Avoiding carbon monoxide poisoning is easier than treating it.
This information is from an article entitled "Poisonings" by Dr. L. J. Roth, University of Chicago, in "Medical Clinics of North America."

First Aid
We should all know what to do in an emergency. Send for Dr. Barton's handy booklet entitled "First Aid," enclosing 25 cents, to cover cost of handling and mailing. The Bell Syndicate, Inc., in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y.
(Released by The Bell Syndicate, Inc.)

trouble. If the affliction has occurred since the last license was issued, a new license will not be granted until the Motor Vehicle Bureau's safety division has reviewed the case.
Not many accidents, relative to the large number that occur, are attributable to the bad physical condition of the motorist. There is no reason, however, why any such should happen if they can be headed off.

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent
Washington — (NEA) — There is growing recognition that some new approach must be found toward the problem of world disarmament.
This arises from current, increasingly menacing threats to world peace. Red China threatens invasion of Formosa. Truce agreements in Korea, Indo-China, the Kashmir and Palestine provide only an uneasy armistice.
Soviet-Russian diplomacy seems directed at breaking up the European Defense Community plan by splitting France off from the western alliance. Due to the uncertainties of French politics and the traditional French fear of Germany, this Communist strategy has an even chance of succeeding.
Meantime, President Eisenhower's plan for an international pool to develop peaceful applications of atomic energy is bogged down temporarily by Russian unwillingness to cooperate.
The five-power United Nations Disarmament Subcommittee, after five weeks of fruitless negotiations in London last summer, has filed its report of non-accomplishment. It now awaits new instructions from the General Assembly which reconvenes in September.

DISARMAMENT is now held in such low esteem that the five-power talks among the U. S., Britain, Canada, France and Russia got little attention. About all the talks accomplished was to convince everyone that the Russians simply don't want disarmament. Hence the need for a new approach.
In general, this latest disarmament conference went over the same ground that other such meetings have covered for the past eight years. So there wasn't much news in it.
The Baruch plan formed the basis for the western powers' presentation. It is still regarded as fundamentally sound. But conditions have changed since its introduction. Then the United States had a monopoly on atomic bomb production. Now the Russians have the bomb and the hydrogen bombs have been added.
Russian Delegate Jacob Malik stuck by their equally-old Stalin five-point plan: Ban the bomb. Reduce all conventional armaments by a third. Abolish all foreign military bases. Install voluntary reporting without international inspection on atomic production. Then banish all international propaganda.
Basis of the Baruch plan is of course to establish firm international controls over atomic energy production first, then ban the bomb.
It is recognized that any international controls set up now cover only future production. Stockpiles of bombs made since the end of the war could be concealed. Hunting all over Russia and Siberia or the United States and Canada with Geiger counters would be impossible. And honest reporting from the Communists could not be expected. Again this puts emphasis on the need for a new approach to disarmament.
The western powers for their part did make two new moves at the London talks, though the Russians refused to consider them.
Morehead Patterson, president of American Machine and Foundry Co., who didn't know there was a Disarmament Commission when he was first asked to become a member, presented for the U. S. delegation a concession. It was that atomic weapons be regarded as defensive weapons and banned for offensive warfare.

Edson's Washington News Notebook

turned this down because he said it would be "relegalizing" the bomb. It turned out that what he meant by this was that the Stockholm peace petition which was signed by 60 million people, had banned the bomb. To permit its use now even in defensive warfare would be to relegalize it.
Selwyn Lloyd for the British and Jules Moch for the French delegations took the lead in presenting a modified Baruch plan that would impose controls gradually. As each new phase of the control organization was worked out—over mining, refining or use in power development—then that section of the controls would be put into effect. Malik turned that down, too.
Setting up controls is, of course, the key to the business. It might require two years. It might require a million men. How would they be selected? What powers would they have? Would they be armed? And to whom would they report?
One suggestion is that a pilot control might first be set up between two countries—say the U. S. and Canada. As they find the answers, other powers might be brought in for a workable plan.

AMBASSADOR MALIK turned this down because he said it would be "relegalizing" the bomb. It turned out that what he meant by this was that the Stockholm peace petition which was signed by 60 million people, had banned the bomb. To permit its use now even in defensive warfare would be to relegalize it.

Nationalism Seen Reason for French Rejection of EDC in Assembly
By DAVID LAWRENCE

Washington, Aug. 31—Nationalism, which burns so fiercely in the hearts of men in the smallest as well as the largest countries of the world, has not died in France. This primarily is why the European defense community agreement failed of ratification in the French Parliament.
The wonder is that the British and American officials who wanted France to ratify it have not realized how the same nationalism which fights for freedom against Colonialism in Morocco and Tunisia and Egypt and Indo-China cannot be subjugated when a democracy as old as France is asked to give up its sovereignty.
Neither Britain nor the United States, if the tables were turned, would agree to any such structure as a merged military force with a supernational Parliament above it.
But the Eisenhower administration felt committed to the so-called "EDC" (European Defense Community Plan) as it was sponsored by the Truman administration. The British government felt it had to urge the United States, but actually had no heart for the plan either and never joined it.
Soldiers fight best under their own flag and not under some hybrid banner. They fight with the greatest spirit under their own commanders as a separate army. Military men in every country in Europe as well as in the United States have felt that the idea of a single army rather than a federation of armies was a mistake, but they have maintained a tactful deference to their political leaders.
Thus, valuable time has been lost in an impractical plan has been dragged through some Parliaments only to be snagged in the French National Assembly.

Now of course Europe is clearer than ever before. The EDC Plan was the first step toward a politically united, single Legislature for the continent, to be known as "The United States of Europe." The analogy to the United States of America has always been a fallacious one, for the simple reason that in this country many generations of European Nationals intermarried and hence enabled a homogeneous nation of Americans to emerge. Arbitrarily to merge Frenchmen and Germans, for example, in different countries in a single government and to deny them the aspirations of their national pride and patriotism, was a dream of some internationally minded Frenchman with more theory than practicality in their making.
True enough, the defense of Europe now has suffered a body blow because of the defeat of the latest plan in the French assembly. Incidentally, without the bloc of 100 Communist votes there, EDC would not have been defeated. Soviet Russia, of course, gains from these developments, but it is at best a

temporary victory. For what the French have done must inevitably awaken Britain and America and West Germany as well as France to the importance of forging at once an effective alternative.
The real answer lies in the immediate admission of West Germany to the North Atlantic Treaty Organization. It may be a risk to restore full sovereignty to the west Germans, but if France cannot, on the one hand refuse to let German troops come into their territory as part of a European defense arm and at the same time object to the building of a German national army to stand between France and the invader from Soviet Russia. Either the Germans are to be trusted or the Communists will rule Central Europe and threaten France from a vantage point on the Rhine.
Germany can be trusted as long as she retains a Republic form of government. She would have been able to prevent a Hitler from grabbing power in 1933 if the western nations had stood off and declined to give the necessary economic and moral support to the Weimar Republic of Germany.
Britain and France and America have their chance now to solidify Europe's defenses or aggravate the weakened condition of the continent, which must tempt the Red army to march as did Hitler. Such a miscalculation could bring on a third world war. That is why, with the EDC out of the way, the decks have been cleared for a nation on an alternative—returning Germany to an independent position in Europe. It's a chance to take, but not nearly as dangerous a chance as leaving Europe at the mercy of Soviet Russia today.

Questions—Answer:
Q—For how long have the Armed Forces had chaplains?
A—Chaplains were authorized by a resolution of the Continental Congress, dated July 29, 1776.
Q—What is a roller derby?
A—Men's and women's roller skating teams, consisting of five skaters each, race for alternate 15-minute periods. The professional skaters race each other around the track for as much as 30 miles every night.
Q—Who administered the oath of office to George Washington in 1789?
A—Chancellor Robert R. Livingston of New York.
Q—Where was the first commercial creamery established in this country?
A—in Orange county, New York, in 1856.
Q—Which is the oldest newspaper on file in the Library of Congress?
A—The Boston News Letter, beginning in 1710 and continuing for nearly a century thereafter.

AS PEGLER SEES IT
By WESTBROOK PEGLER
New York, Aug. 30 — There are "forces" which will try to scotch away the "Philip Dru" plot to destroy this country which has been concealed for 43 years, most of it held in a secret room of the Yale library which contains the unpublished papers of Col. E. M. House. Substantial fact and superstitious business with fearfulness. Serious, intelligent persons have warned me that individuals who inquire too diligently will be smeared to extinction. One of them goes so far as to say that one might be killed by the "cabala." All this may sound juvenile. But the few of us who have studied the well-known but unpublished facts of the so-called mass sedition trial during the war and the terrible persecution of patriotic Americans at the instigation of unseen powers by the Buchanan committee on lobbying well know the ruthlessness of the smear.
I ask myself how certain wise, worldly publishers and editors, the king-makers who walked with Wilson, Lloyd George and Clemenceau and enjoyed acquaintance but apparently not the confidence of Colonel House, could have booted this story. Or, if they rejected it as fantasy, how can those who are still living excuse their failure to tell the people and let them judge? The people might have felt warned that Roosevelt and Truman were just the tools of an unsuspected influence which was determined to debilitate our Constitution, destroy our national sovereignty, substitute Marx for Jefferson and Roosevelt for God and throw us all into a gibbering, insensate brotherhood of many under the Kremlin.
Roosevelt certainly was implicated in this. Colonel House latched onto Roosevelt's mother, old Sara of the lantern-jaw who had learned the cold, brutal reality of life aboard her father's China clipper in the opium racket in China. She was a strong, hard character as Eleanor complained in her endless lucrative memoirs.
I confess that it is news to me that Colonel House sported around Hyde Park and the neighboring up-river baronies and that he cultivated Sara and other females of her supercilious

set. But I try not to resist information and now new knowledge is filling in areas of a puzzle which hitherto had no visible pattern.
Roosevelt's mother is supposed to have got him his job as assistant secretary of the navy under Josephus Daniels. But considering House's boast that he personally picked Wilson for president and personally listed those from whom the cabinet was picked, including Brandeis for attorney general, who landed on the Supreme Court, instead, shall we scorn the possibility that House also picked Roosevelt as a colt for his future? A man who was the intimate with these people comes forward with a statement that House also cultivated Averell Harriman's sister, Mary Harriman Ramsey; Mrs. Cornelius Vanderbilt; Mrs. Willard Straight and a Miss Ruth Morgan, described as a spinster friend of old Sara but no relation to J. P. Mrs. Tom Lamont also was in the circle. So House apparently spotted one of our earliest millionaires. This malevolent old woman absolutely bossed her mushy husband, who also ran with Reds, however, even while he ruled the House of Morgan. Tom Lamont liked them. One of the highest American negotiators at the Versailles peace conference has said that Mrs. Lamont was the Reddest American there. Her son, Corliss, came by his politics honestly and yet he took us a little by surprise within the last decade when we should have been warned 35 years ago.
When Roosevelt was nominated the first time, he flew to Chicago to accept. And the biographer, hitherto unchallenged, wrote that after he had accepted, he made a pilgrimage to Colonel House in Massachusetts. Why weren't we told the significance of this? Why didn't someone wave a flag?
Roosevelt wrote a political plan called "On Our Way" which had little value, even as a commitment, for his commitments had little value. But "On Our Way" has a revealed meaning now that one reads the audacious political plot which Colonel House put on paper as a corny novel even before he hit upon Woodrow Wilson and drew from him a promise to obey his instructions and to let House pick his cabinet.
The difficulty of driving this warning home lies in the fact

that some time after Wilson died House tried to expunge the book. A facsimile of a letter to his publisher indicates he gave orders that all the copies that could be found be bought up and destroyed. I believe, subject to further inquiry, that only a few copies of the first edition still exist. There was a second edition, but the book is so scarce that it was quoted at \$40 a few days ago. It may be twice that now. And all this time "Philip Dru: Administrator" has been a fearsome term which men have dared to utter as though afraid they might be struck dead.

Kitchen Ventilator Cuts Redecorating Costs
Kitchen ventilators pay for themselves many times over in cutting down redecorating costs throughout much of the house.
Steamy, oily vapors from cooking carry vegetable oils and grease in a fine mist which often circulates through a house, condensing on walls, ceilings, curtains and upholstery. As dust settles on this film everything becomes dull.
To install a blower in a kitchen window is a simple matter. The more ambitious handyman can get even better results by building a hood over the kitchen range with the blower vented to the outdoors.

So They Say...
Neither North Korea nor China, nor any other country, can be free or survive unless the United States... will come to the fore and lead us to victory.
—South Korea's President Syngman Rhee.
I have not resigned, do not plan to resign and have not been asked to do so.
—Army Counselor John Adams.
In Italy the Soviet Union is spending four times as much on propaganda as we are.
—Publisher Mrs. Jean Gannett Williams.
The people of our country (China)... will resolutely fight for the liberation of Taiwan from the Communists so that the people on Taiwan can return to the embrace of their motherland.
—Red Chinese Army Chief Chu Teh.

HEALTH FOR ALL

Eating For Two?

The old belief that a pregnant woman must eat for two has been largely exploded. In modern pre-natal care, the doctor keeps close watch over his patient's weight and diet. This is particularly important because she may be gaining weight and still be undernourished.

A well-balanced diet during pregnancy is essential to the welfare of both mother and child. Moderation is the watch word. A weight gain of from 15 to 20 pounds is usually regarded as best. It is sometimes more important for the prospective mother to learn what not to eat than what she should eat.

Some women have special problems and conditions that require individualized diets, but the average pregnant woman should have from 2,500 to 3,000 calories a day. The diet should contain one and a half pints of milk; one serving of citrus fruit or tomatoes, one of potatoes, at least two of leafy green or yellow vegetables, some of which should be raw; one serving of whole grain cereal and four slices of bread with butter; one serving of meat or fish, or such substitutes as beans, eggs, and cheese, and eggs and cheese three times a week.

It is important to remember that all the necessary foods must be present in the diet to protect the health of both mother and baby. One important nutrient cannot be left out or reduced, or

one increased at the expense of another, without upsetting the balance.

Modern mothers are inclined to laugh at old superstitions about eating during pregnancy, such as the belief that a baby would have a strawberry mark if its mother were frustrated in her longing for strawberries. It's nonsense, but it's not a laughing matter. To give her baby the mark of glowing health, the mother will eat sensibly, following closely the diet prescribed by her doctor.

East Side Land In New York Sold

New York, Aug. 31 (AP)—About 10 acres of east side New York city property, bought as farmland by Colonial Dutch Governor Peter Stuyvesant and held by his descendants for nearly 300 years, was sold yesterday.

The real estate deal involved 73 parcels of land and 74 buildings that were part of the estate of the late August Van Horne Stuyvesant, the last lineal descendant of the governor. The properties have an assessed value of \$1,850,000.

The buyer was the New York Mutual Group Inc., which plans to erect business and residential buildings there. Razing of the old 3rd avenue elevated train tracks within the year is expected to open the area for improvement.

THE LAND SOLD yesterday was part of Peter Stuyvesant's "great bouwerie" or "Farm No. 1" which he bought in 1664 for 6,400 guilders, a sum worth \$3,500 in those days.

Stuyvesant lived on the farm until his death at the age of 80 in 1672. It was located between what are now Delancy and 24th streets.

The actual purchase price paid yesterday was not announced but lawyers said it was "in excess of the assessed valuation."

The Stuyvesant family estate, including money from yesterday's sale, is eventually expected to yield six million dollars for the benefit of St. Luke's Hospital. The money was left to the hospital to serve those now living on what was the old Stuyvesant farm.

Man Survives Capsize Ordeal; Companion Dies

Newport, R. I., Aug. 31 (AP)—A rugged yachtman who survived more than five hours in the water after his 24-foot cabin cruiser capsized was reported in fair condition today at Newport Naval Hospital.

George Schuster of 33-42 33rd street, Astoria, N. Y., was pitched in the water with Kurt M. Groteke of New York city when the cabin cruiser heeled over in rough weather in Long Island Sound.

When the destroyer escort Raymond spotted the pair last night, Groteke was dead.

Lt. Com. L. I. Kaney, skipper of the Raymond, said Schuster told of seeing several boats pass by during their long ordeal but nobody sighted them.

He said he and Groteke tried to bail out their boat but she had practically gone under when the Raymond appeared.

Japan has 2,800,000 tons of merchant shipping—about half her prewar tonnage.

Editor, The Freeman

Record on Sundown Bridge

In Wednesday's issue of The Freeman appeared an article awarding credit for the starting and completing of County Bridge No. 48 at Sundown. The information is misleading and contrary to the records in the yearly printed Proceedings of the Board of Supervisors of Ulster County.

The proceedings of the Board at Page 38 show that the late William Waizman, Republican, was the Supervisor of the Town of Denning who, in 1947, sponsored the original resolution providing for the construction of the Sundown Bridge and appropriating the sum of \$20,000. This money was used to build the abutments and the easterly approach.

The proceedings of the Board of Supervisors further show that no real effort was made by the Board of Supervisors or the County Superintendent of Highways to complete the Bridge until Herbert L. George, Democrat, was elected Supervisor of the Town of Denning. The proceedings indicate that during his term of office in the year 1953, by a unanimous vote of the Board of Supervisors, bids for the construction of the Bridge were advertised for, the contract to build the structure was awarded to The Shanahan Company of Ellenville, and the sum of \$70,000 was appropriated to pay for the cost of the Bridge

PINT-SIZE PICKET—Richard Walsh, 10 months, was one of the small fry on the picket line at a Cleveland, Ohio, factory strike. They marched with their mothers and dads. Richard is probably the youngest picket in Cleveland history.

and the completion of the approaches.

If you like perfect bridge hands, you may be disappointed with today's example. It was played properly by declarer, but one of the defenders made a mistake.

The bidding was normal enough, and there was naturally no question about making the contract. At most, declarer might lose a diamond and a club. Since the hand was played in a tournament, however, declarer was out to make as many tricks as possible.

West opened the singleton spade, and dummy's ace won the

trick. Declarer, Miss Rhoda Krupa, one of the new young crop of New York experts, proceeded to draw two rounds of trumps and then returned to the spades.

After cashing the king and queen of spades Miss Krupa ruffed a spade in her own hand and got to dummy with a trump to lead the last good spade, discarding a club from her hand. Declarer then led the singleton club from the dummy.

An expert East would, of course, be ready for this play. The expert would hop right up with the king of clubs in order to win the trick and lead through declarer's diamonds. The actual East player was not expert enough for this, and his play of a low club forced West to win the club trick.

Now West was hopelessly end-played. If the West led a club, South would ruff, while dummy discarded the losing diamond. If West led a diamond, the only other choice, declarer would get a free finesse. In either case, Miss Krupa was sure to make 12 tricks, for a very fine score.

Oxygen Blast Kills Patient

New York, Aug. 31 (AP)—An oxygen tent exploded at Bellevue Hospital yesterday, killing a woman tuberculosis patient who had been placed underneath it.

Mrs. Mary Schultz, 48, of New York city, suffered burns of the face, head and body before firemen could rescue her. She was taken to an emergency ward

where she died 45 minutes later. A nurse, who heard the woman scream, ran to the room and managed to shut off the flaming oxygen before a fireman and patrolman stationed at the hospital reached the scene. The fire was confined to the isolation room in which Mrs. Schultz was being treated.

Hospital officials said she was admitted last Thursday and had been in critical condition before the explosion, cause of which was undetermined.

SAUGERTIES NEWS

School Registration Slated This Week

Saugerties, Aug. 30—Parents of children who are entering Saugerties public schools for the first time this fall in kindergarten or elementary through the sixth grade are requested to register them with Miss Evans, grade supervisor.

Registration dates are scheduled for Tuesday, Wednesday and Thursday, Aug. 31, Sept. 1 and 2, between the hours of 9:30 a. m. to 12 and 1:30 p. m. to 4. Children who were registered during the spring need not report again.

If these hours are inconvenient for any parent they are asked to phone Miss Evans at Saugerties 1269 in order to arrange for a more convenient time.

Pupil Disposition Will Be Considered

Vernon Asher, chairman of the West Camp District School Board has announced that a special meeting of resident voters in the district will be held Thursday at 6:30 p. m., in the schoolhouse.

Discussion will be the disposition of 20 pupils from fifth grade to high school which the district usually sends to the Malden District School and the Saugerties schools.

The overcrowded conditions in Saugerties and the fact that the Malden School is operating at capacity and will be unable to accept the West Camp pupils has created the problem of finding adequate facilities elsewhere.

for the West Camp pupils in the higher grades.

According to Robert Herb, chairman of the Malden School Board, the limit at the Malden school is 85 pupils and the enrollment this coming semester is approximately 95 to 99 without considering the additional pupils from West Camp. At the closing of the schools in June the Malden District was notified by the Department of Education in Albany that the Malden School was operating at full capacity and could not register outside pupils.

At present the West Camp School has facilities for the first four grades and kindergarten all of which are conducted by one teacher, Mrs. Richard Peotom.

Firemen's Building Fund Nears \$2,000

The building-planning committee of the Malden-West Camp Fire Company announced this weekend that the building fund drive initiated four weeks ago is nearing \$2,000 and should exceed that by midweek.

The committee also announced that reports from both building sites are encouraging. Large crews of firemen and interested residents were busy at both sites. At the Malden site the crew laid building blocks until the supply was exhausted and progress is well above ground level. At West Camp the foundation forms were completed and ready-mix pourings were made by Island Dock Company Saturday afternoon. It is expected that the ready-mix pourings will be completed Monday night.

Fire Chief Val Carpenter and Assistant Chief Charles Teetzel again called for volunteer workers to join the crews at both sites who are giving their spare time each evening toward the construction of the fire stations. A committee spokesman said that residents of the district who will gain materially in lower taxes and lower fire insurance premiums are asked to donate their spare time evenings to help the firemen build the two stations.

Scout News Will Visit Africa

John Fast of Boy Scout Troop 32, sponsored by Atonement Lutheran Church, has been planning to accompany his father on a trip to Africa.

John, the 12-year-old son of Mr. and Mrs. George Fast of Second street, Saugerties, needs only a report on his visa from the British Consul in British West Africa and then he can go ahead with final plans for the trip.

This will be one of Mr. Fast's regular trips to the Gold Coast where he serves as a buyer of

mahogany for a firm in New York. When the visa is confirmed the trip will begin Sept. 10 and they are expected to sail from New York on the SS Tabor. They expect to be away from six months to a year.

With no schools available to him the Scout, a seventh grader, will do some study from books he will take along on the trip.

John recently became a member of the Order of the Arrow, a Scouting honorary society, into which he was voted by members of his troop at Camp Tri-Mount. He serves faithfully as altar boy at Atonement Lutheran Church.

DISTRICT SCOUTERS—The regular meeting of the Saugerties District Scouters is scheduled for Thursday at 8 p. m. in the meeting rooms of Atonement Lutheran Church, Market street. District Chairman John J. Wood, Sr., will preside. The agenda will include the latest results of the finance campaign and plans for fall activities. District Commissioner William Plimley will conduct the Boy Scouters roundtable and Neighborhood Commissioner Eugene Davis will direct the activities of the Cub Scouters roundtable.

All leaders, den mothers, committeemen, commissioners and Scouters are urged to attend this important meeting which will inaugurate the fall activities.

Village Briefs

The Cheerful Workers of the Blue Mountain Reformed Church have scheduled a meeting for Wednesday at 7:30 p. m., in the church. The Bible word is Honor. Hostesses will include Mrs. James Welcome, Mrs. Walter Borner and Mrs. James Buchan.

The Young Couples' Club of St. Paul's Evangelical Lutheran Church outlined tentative plans for the group's first annual fall dance at a regular monthly meeting held at the West Camp Parish Hall Saturday night. The fall dance will be held at the parish hall Friday, Sept. 24 with round and square dancing from 9 to 1 a. m. Steve Jones' orchestra will again supply the music. Mrs. Vernon Asher, secretary of the group, will serve as general chairman. Others who will serve on the committee will include Mrs. Joseph T. Dengler, Mrs. Werner Liesendahl and Mrs. Albert J. Cawein. Mrs. Asher

Horseshoes are lucky only when you put your money on the right horse.

called a special committee meeting to go over the details of the affair for Wednesday, Sept. 8 at 8 p. m., at her home at Evesport.

A chartered bus sponsored by Saugerties Memorial Post 5034, Veterans of Foreign Wars, transported a group of baseball enthusiasts to Yankee Stadium to see the New York Yankees clash with Chicago on Sunday. The bus left the Saugerties bus station at 9 a. m. Sunday and returned after 10 p. m.

Bushnellville

Bushnellville, Aug. 31—The next regular meeting of the Bushnellville Chamber of Commerce will be held Tuesday, Sept. 14, at 8 p. m. at the residence of Mr. and Mrs. John Rossitz.

Pfc. Tommy Smith of the U. S. Marine Corps is visiting his sister and brother-in-law, Mr. and Mrs. Mason Gossio.

Mr. and Mrs. Henry Mahnen of Ridgewood, Mr. and Mrs. John Tietgen of Astoria, L. I., Mrs. Theresa Merolla of Yonkers, Mrs. R. Sarno of Yonkers and Mrs. Nellie Anderson of Forest Hills were the guests of Mr. and Mrs. William R. Hoffmann.

Mr. and Mrs. Tony Heinrich received word that their son, Frank Heinrich, who is stationed with the U. S. Air Force in Germany was promoted to staff sergeant Aug. 16.

Mr. and Mrs. Herman Samter of Sao Paulo, Brazil, visited their brother and sister-in-law, Mr. and Mrs. Werner Samter. Mr. and Mrs. Frank Judge of

New York, Joseph Cherveney and Mrs. Marie Schultz, both of East Islip, L. I., spent their vacation with Mr. and Mrs. Thomas Cherveney.

Mr. and Mrs. Ernest Bier returned Monday to Little Neck, L. I., after spending the summer at their residence here.

Willy Drexler of Hartford, Conn., was the guest of Mr. and Mrs. John Rossitz for the weekend.

Mr. and Mrs. Alfred Steinhauer of New York spent their week's vacation with Mr. and

Mrs. Fred Kincheck.

Mr. and Mrs. Karl Pfeiffer and son Karly of West New York, N. J., and Mr. and Mrs. John Kleine and daughter

Louise of Weehawken, N. J., were weekend guests of Mr. and Mrs. Tony Heinrich.

Mr. and Mrs. Fred Hobeler of Mt. Kisco were at their summer cottage here for the weekend.

98% Are Natural Gas Heated!

Of all new homes built in Poughkeepsie within the past year, where gas is used for any purpose,

98% are Natural Gas heated!

Sounds unbelievable! But it's true! With few exceptions new homes are universally installing Natural Gas for house heating where gas is available.

The reason for this amazing popularity is simple. People are aware that Natural Gas possesses advantages which no other fuel can come close to matching. Some of these advantages are:

LOW EQUIPMENT COST. Whether a **Conversion Burner** for your present furnace or boiler or a new **Gas Furnace**, Natural Gas equipment compares favorably with or costs less to buy than other equipment for automatic heating.

LONGER LIFE. Natural Gas heating equipment has few moving parts. Result... gas burning equipment lasts up to twice as long as equipment burning other fuels.

LOWER MAINTENANCE. Natural Gas is a "dry" fuel, burns steadily and clean. Servicing is kept to a minimum.

QUALITY FUEL. Natural Gas is a refined fuel.

CLEAN. Natural Gas burns cleanest of all fuels — throws no soot or smudge to darken paint or draperies. Ask the woman who now heats with gas!

SAFE. Natural Gas needs no bulky storage space to take up cellar room. Fuel is delivered exactly as you need it.

ECONOMICAL. All costs considered, gas costs no more than other fuels.

All of this adds up to one fact —

YOU CAN'T BEAT NATURAL GAS HEAT!

If your home is located where piped gas is available, and with a new heating season about to begin, why not get full obligation-free information on heating your home this finest way.

Council Votes To Return to ILA

New York, Aug. 31 (P)—The executive council of a bolting dock union local has voted to return the local to the old International Longshoremen's Assn. (ILA) so that "the membership will be able to survive," on official says.

The action last night was reported by Edward Barry, treasurer of Cargo Repairmen's Local 3.

He said the local was the first to leave the ILA—last Oct. 1—after the AFL established the rival International Brotherhood of Longshoremen.

The AFL set up the new union after ousting the ILA for failure to rid itself of racketeering elements.

AFTER A BITTER struggle between the two unions, the National Labor Relations Board last Friday certified the ILA as collective bargaining agent for dock workers in the Port of New York. The certification was made on the basis of a second waterfront election, after an initial vote had been scrapped on the grounds of intimidation and coercion by ILA adherents.

Barry said the action by his executive council last night was taken because the local's 300 members "cannot survive along the waterfront without the protection of somebody."

"If you walk along the waterfront and you have nobody looking after you, you have to give in," he said.

THE LOCAL has members in Manhattan, Brooklyn and Staten Island on the New York side of the harbor and in Hoboken, N. J.

No comment on the Local 8 action was available immediately from leaders of the AFL dock union. Last Friday, leaders of the AFL union had called the ILA certification only a "temporary setback," and declared they would continue to fight for the right to represent dock labor.

ILA President William V. Bradley said that, except for certain officers and organizers of the rival AFL union, the ILA would welcome back those members who had defected to the AFL union.

Old Metal

One of the oldest metals is lead. The Old Testament of the Bible contains many references to it and the Egyptians used it some 5,000 years ago.

75 Polio Cases Reported in State

Albany, Aug. 31 (P)—Seventy-five new cases of polio were reported last week in the 57 counties outside New York city—a drop of 68 from the corresponding week of 1953.

The state health department, making public the figures today, said a total of 405 new cases had been reported through Aug. 28 this year, exactly half the number at that point a year ago.

New cases were reported last week in the following counties: Dutchess, 13; Westchester, 9; Erie, Nassau, Onondaga and Ulster, 5 each; Albany, 4; Suffolk, 3; Essex, Niagara, Oswego, Rockland, Schoharie, Steuben and Sullivan, 2 each; and Broome, Columbia, Delaware, Herkimer, Jefferson, Monroe, Montgomery, Oneida, Orleans, Tompkins, Warren and Wayne, 1 each.

Governor Declares State of Emergency

Lansing, Mich. Aug. 31 (P)—Gov. G. Mennen Williams has declared a state of emergency in Michigan over the long Labor Day weekend in an effort to reduce an anticipated high traffic death toll.

Williams signed an emergency declaration yesterday giving legal status to his previous act of calling out units of the Michigan National Guard to aid in patrolling state highways.

Michigan led the nation in highway deaths over the Fourth of July weekend with 33 fatalities.

During the emergency period, from noon Friday to noon Tuesday, Sept. 7, intensive air and ground patrols will cover state highways to seek out traffic violators.

Some 700 state national guardsmen have been mobilized for the emergency period. They will draw full federal pay and allowances and will serve with local law enforcement agencies.

Wrote Hymn

ASIA'S NEW POWDER KEG—Formosa, stronghold of Chiang's Chinese Nationalists, is shown on above Newsmag in relation to the Chinese mainland. Many top officials in Washington believe that if Red China makes an attack on Formosa, the U. S. would go to war, but no formal pledge has as yet been made to Chiang. The Reds would probably use the Pescadores (controlled by the Nationalists) as a steppingstone in their invasion of Formosa. The U. S. Seventh Fleet is under orders to defend these islands. The key islands are 100 miles from Communist China and only 30 miles from Formosa. Inset shows area of large map in relation to the rest of Asia.

Valley Farming Is Dutchess Fair Topic Wednesday

Mid-Hudson valley farmers will be told of the "prospects for agriculture" here by Assistant to the U. S. Undersecretary of Agriculture Theodore S. Gold when he visits the Dutchess county fairgrounds in Rhinebeck tomorrow.

Thursday, Governor Dewey will make his annual visit to the fair and speak to farmers about the state's outlook toward farming.

The fair opened this morning and continues through Saturday night.

Gold said today from his office in Washington, D. C. that his topic will be "A Backward Look Forward," and his message will dwell on "the prospects for farming in the Mid-Hudson valley as they look to me and as they relate to the general prospects for farming in the United States and the world." He will speak from the grandstand at 2 p. m. tomorrow.

Governor Dewey will speak at the same hour on Thursday afternoon and then will tour exhibits and cattle show tents.

Features tomorrow include Holstein judging, the 4H Baby Beef show, harness racing, sheep judging, the Buck Steele Frontier Days show and California's Famous Western Riders.

Tomorrow Congressman J. Ernest Wharton, of the 29th district which includes Ulster county, will accompany Gold to Rhinebeck.

News of Our Own Service Folks

JOHN J. SMITH, son of Mr. and Mrs. Harold Smith, 88 East Union street, was graduated recently from the Stevedore Military Occupational Specialty Course, 362nd Transportation Port Battalion, 14th Transportation Terminal Command C. The 14th Transportation Terminal Command has the responsibility of training personnel for specialized duties at major ports throughout the world. Private Smith entered the army March 16 and reported to Fort Eustis on June 11. He attended Kingston High School and was employed prior to entering service by the Pilgrim Furniture Company.

PFC. RICHARD L. PETRO, son of Mr. and Mrs. Stanley J. Petro Sr., of 422 Hasbrouck avenue is participating in a large scale amphibious training exercise in the Puerto Rican area with the Atlantic Fleet Marine Force Training Group. The exercise is designed to familiarize Marines with the latest fighting equipment and to test their combat readiness in full scale amphibious maneuvers.

JOHN M. JANECEK, son of Mr. and Mrs. Stanley Janeczek, 96 Murray street, and a boiler-man third class, has returned to Norfolk, Va., from a seven-month cruise aboard the destroyer USS Lowry, which operated around Japan with various task forces of the Pacific fleet, and spent some time in Korean waters.

MYRON E. ROWE, electrician's mate third class, USN, son of Mr. and Mrs. C. Edward Rowe of 343 Clifton avenue, and husband of Mrs. Jane A. Rowe of 29 Franklin street is aboard the heavy cruiser USS Baltimore currently on its third Mediterranean cruise with the U. S. Sixth Fleet.

JOSEPH HAFNER, 21, son of Mr. and Mrs. Harvey Deitz of Bloomington, was promoted recently to corporal at Elmendorf Air Force Base, Alaska, where he is a machinist. He entered the army in February 1953. A graduate of Kingston High School, 1951, he was employed by Incoro, Inc., in civilian life.

THE MATTHEWS BROTHERS, Ronald W., a seaman, and John F., a fireman, sons of Mr. and Mrs. Robert Matthews, 201 East Union street have returned from a world cruise, part of which was spent in waters around Japan and Korea.

De Sapio Says Leaders Will Not Take Any Sides

New York, Aug. 31 (P)—Democratic National Committeeman Carmine G. DeSapio predicts that New York city's five county party leaders will not take sides in the contest for the gubernatorial nomination until after the Sept. 14 primary election.

DeSapio made the prediction yesterday after a similar statement was made by Councilman Joseph T. Sharkey, Brooklyn Democratic leader.

Sharkey had conferred yesterday with Rep. Franklin D. Roosevelt Jr., a leading contender for the gubernatorial nomination.

Both Roosevelt and Sharkey said the meeting was "pleasant" and that no commitment had been asked or given.

The nomination will be made at the Democratic State Convention here Sept. 21 and 22.

DeSapio, leader of Tammany Hall, the Manhattan Democratic organization, drew attention yesterday to the statewide postcard poll the party is taking among a cross section of enrolled members to determine preferences on a nominee for governor.

DeSapio said he believes no decision by party leaders on a

Think It Through

By EDWARD F. HUTTON

An enterprising Congressman from Virginia has come up with a word-meter, better still, a gas-meter,—on the "United" Nations. You know how it is: After you drive so long, you like to know how many miles you have gone — even if back where you started.

Mr. Hutton

Now, the gas-meter says—after eight years of "talkie-talkie" discussions, conferences, agendas and points of order: (These cover what our Representatives and Communist orators have said to each other.)

There were 3,802 meetings. That is about 450 meetings a year, at New York, Geneva, Moscow, Washington, London, Berlin and Korea.

At these 3,802 meetings, about 120,000,000 words (including double-talk) were spoken,—in print, could fill about 600 books, at 400 pages per book, or 240,000 pages.

These formidable statistics are called to the earnest attention of THOSE UNINFORMED, who have been pleased to call the "United" Nations the "town hall of the world."

Sure — remember: one of the UN's best points was supposed to be that it furnished a forum where peace-loving people could meet, become friendly — not RED-hot — but warm friends.

Peace, a hope, exists in all languages — but is non-existent in many nations.

nominee will crystallize until after the poll returns have been tabulated. He said he expects the poll returns will not be available until well after Labor Day, Sept. 6.

DeSapio also said he has not ruled out the possibility that Mayor Robert F. Wagner will be

the convention's choice for the gubernatorial nomination, despite the fact the mayor says he doesn't want it.

Averell Harriman, former Mutual Security administrator, is the only announced candidate for the nomination in addition to Roosevelt.

Two Killed In Plane Crash

Eastview, Aug. 31 (AP)—A Pennsylvania industrialist and a French student traveling with him were killed yesterday when their small plane crashed on the grounds of Grasslands Hospital.

Dead were David Jacques Benoliel, 54, president of the Quaker Chemical Products Corp. of Conshohocken, Pa., and Gerard Le Royer, 21, of Paris, France.

The plane, which plunged into a potato patch 100 feet from the hospital building, was so badly wrecked that police could not determine its make. Benoliel's sister-in-law, Mrs. L. Osmond Benoliel, later identified it as a Navion purchased from Arthur Godfrey five years ago.

WITNESSES REPORTED that the engine coughed and sputtered and then died just before the crash.

The plane, owned by Benoliel's firm, was based at Wing Airport in Blue Bell, Pa., and last Friday was logged out of there for Beverly, Mass. Police said they did not know what its destination was on yesterday's flight.

Mrs. Benoliel said she believed her brother-in-law had gone to Newport, R. I., where his son, Peter, is stationed with the navy.

The man's other survivors are his widow, Mrs. Catherine Benoliel; a daughter, Lynn; his brother, L. Osmond, and a sister, Mrs. William Louchheim of Beverly Hills, Calif.

Man Dies of Poisoning From Park Mushroom

New York, Aug. 31 (AP)—Mushrooms gathered in a city park are believed to have caused New York's first death due to mushroom poisoning since 1949.

The city health department said yesterday an autopsy on Irem Stanga, 51, resulted in findings "consistent with such poisoning."

Stanga, his wife, Dima, and their 8-year-old son dined last Wednesday on mushrooms picked in Alley Pond Park in Queens. The next day Stanga, who lived in Brooklyn, became violently ill. He died on Friday.

His wife and child also were ill, but they recovered.

Four other cases of mushroom poisoning, none fatal, have been reported this year, the health department said.

Stevenson Raps Record On Labor-Management

Chicago, Aug. 31 (AP)—Rapping the Eisenhower administration for its labor-management record, Adlai E. Stevenson said yesterday a Republican campaign promise to revise the Taft-Hartley Act was not kept.

For the Eisenhower administration, Stevenson said, this has been a year of "futility, or worse," in meeting problems of labor-management relationship. "Politics dropped to a new low in connection with the revising of the Taft-Hartley Act following the Republicans' great promises of a change," the 1952 Democratic presidential nominee said.

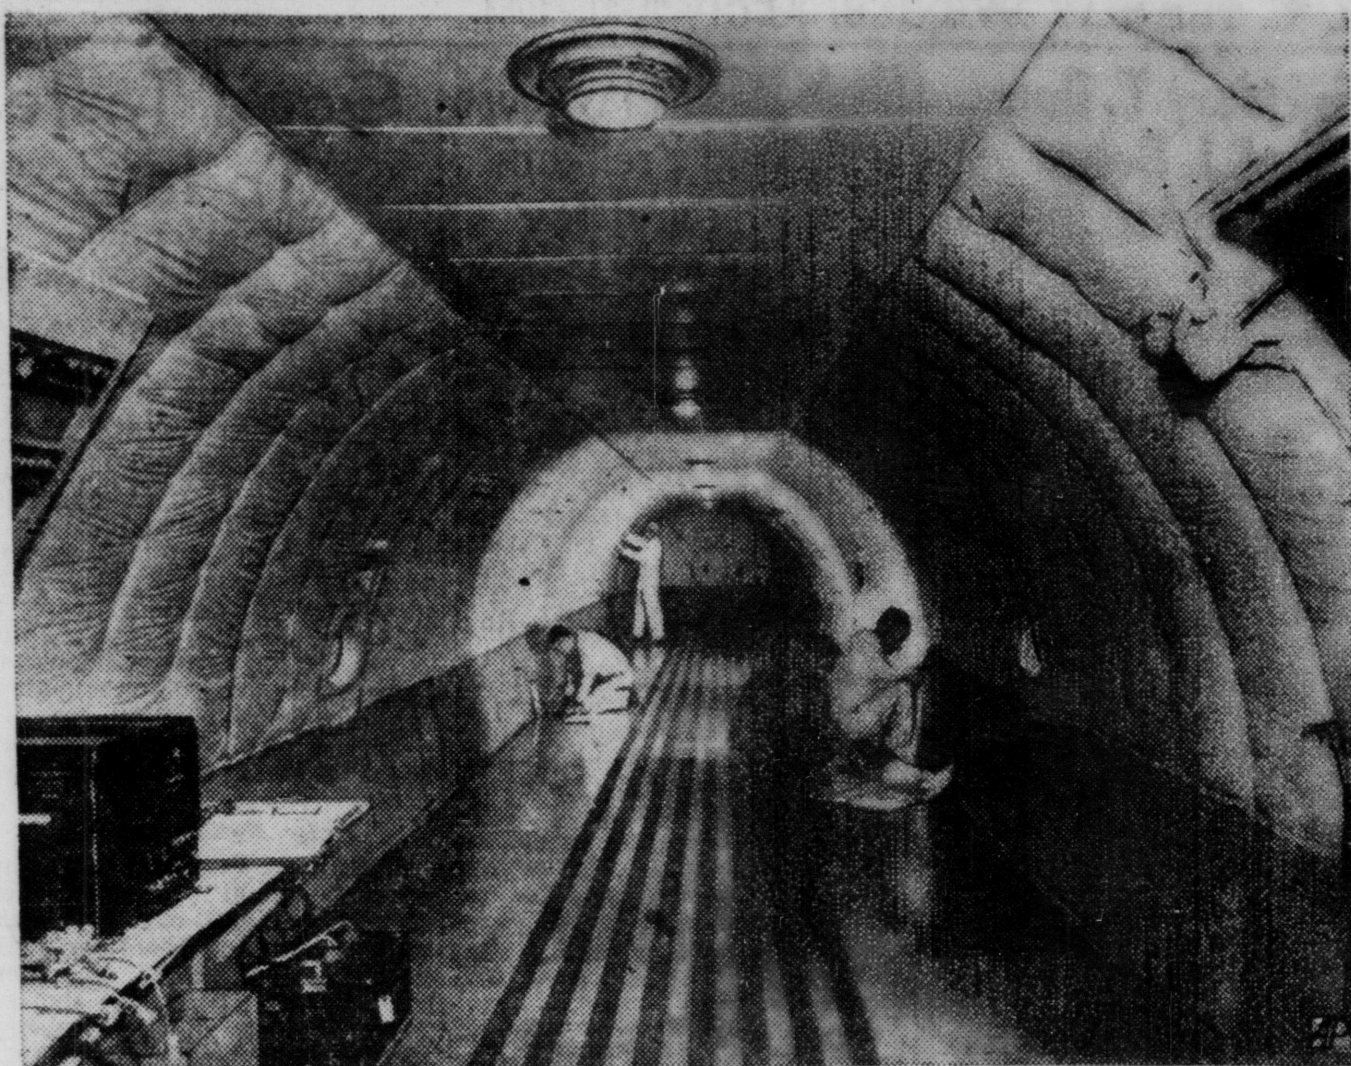

Envelopes first came into use in 1839.

PLANE IN THE MAKING—This long tunnel is fuselage of Boeing 128-foot jet Stratoliner, in 550 mph. class, usable either as Air Force air tanker or commercial transport.

Low-Number Plate Requests Being Accepted

Albany, Aug. 31—The Motor Vehicle Bureau tomorrow will begin accepting requests at its central office here for issuance of low-numbered 1955 license plates—at an extra service charge of \$5 for each plate.

Rules governing issuance of the special plates were announced yesterday by James R. Macduff, the Motor Vehicle commissioner.

The \$5 fee will not apply to plates issued by county clerk's offices, but only to registrations issued by the central office here. The extra charge—in addition to the normal registration—fee is required by a new state law affecting 120,000 number plates, most of which are now in use.

SPECIAL PLATES—are defined as those bearing fewer than six numbers or letters, or a combination of both, and reserved by the commissioner for special use.

The charge applies also to suburban license plates through the number 1,000. All of them have been reserved.

Macduff said that motorists who have special plates will be given an opportunity to retain their numbers, and need not request that they be reassigned.

Motorists who do not have low-numbered plates may request them from the commissioner. They will be reserved, if the numbers are available.

Certain classes of license plates issued at the central office, such as those for doctors and government officials, are exempt from the extra fee.

New Army Uniform To Be Issued in '56

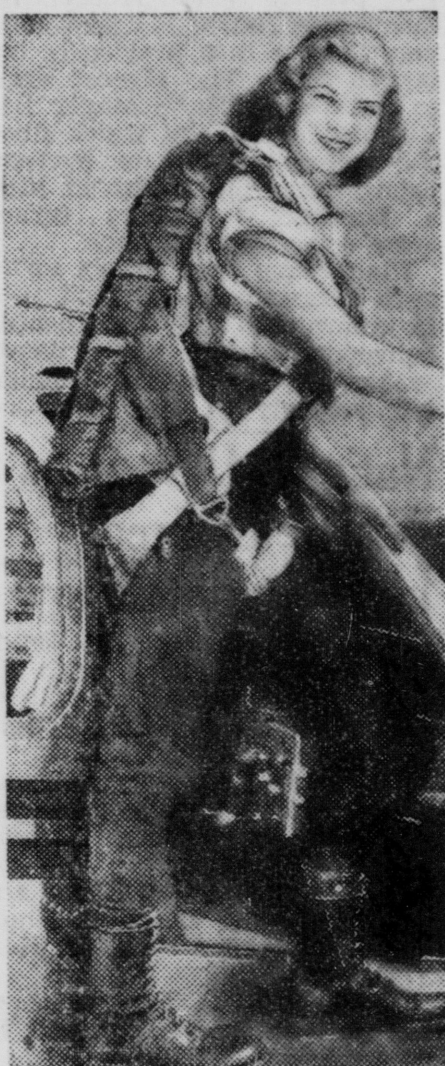

Washington, Aug. 31 (AP)—The army said today it plans to start issuing the new army green uniform to enlisted personnel in about two years and replace the present olive drab in by late 1960.

About Sept. 1, 1956, the army announcement said, one of the new green uniforms will be issued to each enlisted man, along with one olive drab uniform. The new one will then be authorized for wear except in formations.

No firm date has been fixed for the issuance of two army green uniforms, the army said, but it probably will be late in 1958, and after another two years or so the olive drab will be prohibited.

The new uniforms will also bring a change in the colors of accessories. Shoes will be black. So will socks and neckties, replacing the present tan socks and green ties. Both visored and overseas caps will be green, with black or gold leather trim on the former.

Chevrons will be changed from the present olive drab and black to green and gold.

LIKE A BIRD—Janet Schnicke, of Cincinnati, has found the ultimate of thrills, she thinks. The 19-year-old stenographer has taken up parachute jumping as a hobby. Previously swimming, riding and flying lessons were her big moments. She's the only girl member of a parachute club.

Special Review Honors Irving

West Point, Aug. 31 (AP)—A special review of the corps of cadets of the U. S. Military Academy was held yesterday in honor of the superintendent, Maj. Gen. Frederick A. Irving, and five other members of the faculty who are retiring from the army.

Sharing honors with Irving, a member of the West Point class of 1917, were: Col. Herman Beukema, head of the Department of Social Sciences and a member of the class of 1915; Col. Frank G. Davis, inspector general, class of 1919; Col. Raymond Stone Jr., retiring secretary of the Association of Graduates, class of 1923; Col. William S. Triplett, an official of the inspector general's office, class of 1924, and Col. Eugene C. Johnston, chief of administration, class of 1920.

ARMY SECRETARY Robert T. Stevens and Gen. Matthew B. Ridgway, army chief of staff, came by plane from Washington to join in the tribute. Irving and Ridgway were classmates at the academy.

Irving, who will be 60 Friday, will leave the academy tomorrow with his wife. He has been superintendent since January, 1951. His successor here will be Lt. Gen. Blackshear Bryan, recently a corps commander in Korea. Irving will take a civilian position in the New York area.

HONOR ARTIST, COMIC STRIP—"Royalty" of the Seafair (summer carnival in Seattle, Wash.), gather to proclaim Leslie Turner, creator of Captain Easy, "Caliph of Cartoonists." Good, who reigned as King Neptune IV. Standing are Prime Minister Dick Keplinger, left, and R. C. Torrance, president, greater Seattle.

Central Hudson Keeps Abreast of Nuclear Energy

The Central Hudson intends to keep abreast of technical and economic developments in nuclear energy, according to President Ernest R. Acker, who considers the new Atomic Energy Act as a means of opening the door to private enterprise in the development of atomic power for peaceful purposes.

Commenting on the bill signed Monday by President Eisenhower, Acker said, "The signing into law of the atomic energy bill gives private enterprise the opportunity to play an important part in the development of the peaceful applications of this important source of energy."

Acker added, "The opening of the atomic energy program to free enterprise will, I feel certain, result in more rapid and economical application of its benefits to the American people."

"Although the potential application of atomic energy is almost limitless," he advised its "use as a source of heat for the generation of electric power may in the future be of great importance to the customers of Central Hudson and the nation's electric utility companies."

CENTRAL HUDSON is following closely the progress in the atomic energy field, Acker said, through its affiliation with the Edison Electric Institute, the Atomic Industrial Forum, Inc., and other sources.

"We shall continue to keep abreast of technical and economic developments," Acker told the press, "in order to determine the potential application of nuclear energy to our operations."

WHILE THE BASIC objectives of the measure were not questioned, a number of its provisions ran into heavy challenge—especially in the Senate. Much of the argument followed the theme of the longstanding controversy over public vs. private power, with the bill's opponents crying "private monopoly" and its defenders saying it promoted "free enterprise."

Fourteen The office of Chief Justice of the United States Supreme Court has been held by 14 men: Jay, Rutledge, Ellsworth, Marshall, Taney, Chase, Waite, Fuller, White, Taft, Hughes, Stone, Vinson, and Warren.

Remove Casing Always remove the casing—the material in which the meat is enclosed—before cooking a smoked boneless pork shoulder butt or a smoked beef tongue.

Woodstock

By RICHARD E. THIBAUT, Jr.

Foundation Plans Opera at Playhouse

Woodstock, Aug. 30—A one-act opera by Julian Freedman, titled Deceptive Cadence, or A Lesson in Love, will be the melodic feature of the Woodstock Foundation's annual production Sept. 17 and 18 at the Woodstock Playhouse. Also included in the program will be the Moliere play, The Forced Marriage, as well as a third act to be announced.

The two singing roles in the opera will be played by Penny Perry and Robert Eric Carlson, formerly associated with the Fred Waring Glee Club, the Carolers, and currently singing with the newly formed quartet, The Caribern Four.

The opera tells the story of an Italian maestro and his young voice pupil and their tribulations both with song and love. Robert Eric Carlson will be the maestro and Penny Perry his pupil.

Composer Freedman, who hails originally from Cleveland, O., studied in Vienna and later became the executive-director of The Salzburg Orchestral Academy. Today students from almost every university in the world attend the school. He is a founder of the Rockland Foundation, and a former director of the County Conservatory of Music and Dramatic Arts at Suffern where he also taught piano and music appreciation. He came to Woodstock last spring where he is at present building a home on the Old Wagon road.

Proceeds from the foundation's annual production will be presented in the form of awards to worthy people in fields of art, music and literature.

No Religion of Own China has all the important religions of the world, but none of its own. Confucianism and Taoism are considered by the Chinese as political philosophies and teachings, not as religions.

About Hawaii After Hawaiians had established themselves as a republic, they voluntarily had their islands annexed to the United States in 1898 and became a territorial possession in 1900.

Cover the Dish If you are marinating thick slices of tomato in a vinegar-and-sugar dressing cover the dish in which you put them before storing in the refrigerator.

Submersible Pump Has Its Advantages

A new development of interest to builders of homes beyond the water mains, owners of resorts, and farmers is the submersible pump.

The pump and motor are contained in one complete assembled factory unit which is installed in the well below the level of the water.

The submersible pump is said to be an ideal sanitary installation with only one pipe coming out of the well. Operation is noiseless, since both pump and

motor operate completely under water.

Installation is accomplished simply by lowering the close-coupled pump and motor unit down the well on the end of a riser pipe, mounting the control box in a convenient location, and making necessary piping and wiring connections.

Something Different Here's something different for salad: lightly cooked rounds of zucchini squash tossed with mixed greens and French dressing.

No. 9 in a series of RARE CREATURES:

THE ENDLESS EASE

he likes hard work... as long as he doesn't have to do any!

The ENDLESS EASE is an advertising man who likes an ad program that "runs itself" — no matter what direction it runs in.

He won't climb a sales peak... rather flow down hill.

He won't make a quick move... rather take a slow loss.

Fortunately he's a rare creature — almost extinct in today's tough market.

Most ad men today are probing deep. They're carefully weighing one market against the other — for product sales possibilities... for competitive opportunities. And they're finding sales plums they never knew existed.

And they're concentrating their advertising locally in the markets that show the most promise.

Naturally they're turning to newspapers to cover those markets fast and fully. Because just about all the people in each market read the newspaper every day.

Retailers know this, too. That's why they feature so strongly the products of manufacturers who advertise in the local newspaper.

It's a partnership that moves merchandise in volume — and in a hurry! That's why national advertisers upped their investment in newspapers 14.3% last year!

All business is local... and so are all newspapers!

Charles Lyons Wins Sweepstake Award In West Park Show

Winner of the sweepstakes award, for highest number of points in both artistic and horticulture classes in the West Park Flower Show, is Charles Lyons of Highland. The silver anniversary show took place Saturday and Sunday in the parish hall of Ascension Church, West Park.

Other winners announced by Mrs. William Van Benschoten, general chairman, are as follows: Special silver award for dahlias: Harry Briggs, Poughkeepsie.

Tri color award for best dahlia: Don Van Demark, High Falls.

Silver award for gladioli: John Bell, Milton.

Tri color award for the best gladioli in the show: John Bell, for a gladioli named "Dolly Varden."

Highest number of points in artistic arrangement: Mrs. Bert Adams, Pleasant Valley.

Tricolor award for best artistic arrangement in the show: also, Mrs. Adams.

Honorary mention for second best artistic arrangement: Mrs. Mabel Harding, New Paltz.

Highest number of points in horticulture: William Anderson, Port Ewen.

It is reported by the chairman that more than 500 persons were in attendance during the two afternoons and evenings of the show.

Particularly impressive were the exhibits of gladioli, outstanding among many beautiful floral exhibits.

Special features of the show were a dinner served Saturday evening, a square dance Saturday night to the music of Floyd Baringer and his orchestra; and a tea Sunday afternoon.

A special musical concert was presented Sunday afternoon in Ascension Church before a capacity audience. One of the featured artists in the program was Miss Helen Sheldon of Kingston, who played several selections on the harp. Others were Mrs. Leslie Mott, organist; Leroy A. Davis, baritone; and Martin Wolfson, South Pacific star.

Judges of the horticultural exhibits were Frank Berry, Poughkeepsie; Henry M. Downer, Arlington; and Montague Free, Hyde Park. Judges for the artistic arrangements were Mrs. John Darrow, Poughkeepsie; Mrs. E. Clark Reed, Saugerties; and Miss Frances Dee Troy, Poughkeepsie.

Judges of the horticultural exhibits were Frank Berry, Poughkeepsie; Henry M. Downer, Arlington; and Montague Free, Hyde Park. Judges for the artistic arrangements were Mrs. John Darrow, Poughkeepsie; Mrs. E. Clark Reed, Saugerties; and Miss Frances Dee Troy, Poughkeepsie.

Judges of the horticultural exhibits were Frank Berry, Poughkeepsie; Henry M. Downer, Arlington; and Montague Free, Hyde Park. Judges for the artistic arrangements were Mrs. John Darrow, Poughkeepsie; Mrs. E. Clark Reed, Saugerties; and Miss Frances Dee Troy, Poughkeepsie.

Fourth Coach House Fashion Show to Be Held in Hotel Garden

The Coach House Players will present their fourth Fashion Show and Garden Party in the Governor Clinton Hotel gardens, Wednesday, Sept. 8. The show will begin at 8:30 p. m., but the gardens will open at 7 p. m. so that the flowers may be seen before dark.

Tables will be placed in the garden for those who prefer refreshments during the show.

Helen Davenport will be commentator for the event in which local men and women will model. In case of rain, the show will be presented in the hotel ballroom.

George Betts, president of Coach House Players, appointed Helen Davenport and Mary Becker as co-chairmen; Mrs. Parker Brinnier, in charge of models; Madeline Reis, tickets and ushers; Kay Finn, jewelry booth; and Margaret Mellert, Christmas booth.

Tickets may be obtained from participating stores, the Coach House Players, or at the garden gates the evening of the show.

The following stores will participate in the fashion show: Adler's Outfitters to the Young; Rae Barth, Barbizon Shop, The Bride's Shoppe, The Cricket Shop, Helen Davenport Shop, Flanagan's Clothiers, Goldman's Junior Deb and Misses Shoppe, Leventhal's Furrier, London's Youth Centre, Roger's Shoes, Regina's, Teresa Rose Hat Shop, Towne Shoppe, The Wonderly Company, Gertrude Weyte.

Scientists estimate that from 10 to 15 per cent of all deaths throughout the world result from cancer.

Miss Mary T. Burns, Robert J. Beiter Nuptials Are Held

Miss Mary Therese Burns, daughter of Mr. and Mrs. James F. Burns of 94 Grand street, became the bride of Robert Joseph Beiter, son of Mrs. Henry B. Beiter of 550 Coleman avenue, Johnstown, Pa., and the late Mr. Beiter, in a ceremony held Saturday, Aug. 28, at noon at St. Mary's Church. The Rev. John Flaherty officiated.

Organist for the occasion was Theodore Riccobono. The soloist, Miss Patricia Keefe, sang, Ave Maria and Mother Beloved. The church was decorated with white gladioli and laurel.

Given in marriage by her father, the bride wore a gown of beau d'ange lace styled with a fitted bodice, long tapered sleeves, and a tiny collar. Her bouffant tulle skirt over parchment taffeta terminated in a chapel length train. She wore a matching bridal cap which secured her three quarter length French illusion veil, and carried a half moon cascade of white gladioli and pompons with ivy and pearl streamers.

Miss Elizabeth E. Burns was maid of honor for her sister. She wore a gown of pastel pink tulle of Grecian fashion trimmed with coral tulle, and a headband of matching flowers with an afternoon veil. She carried a half moon cascade of shell pink gladioli.

Miss Doris Merrihew of this city was bridesmaid. She wore a gown of aqua tulle posed over a slip of mauve taffeta and styled with a draped bodice and floor length skirt trimmed with a draped plume. A draped fichu and a matching headband of flowers completed her ensemble. She carried a half moon cascade of lavender gladioli.

Serving as best man for his brother was Henry L. Beiter of Johnstown, Pa. The ushers were William Garforth Roberts, Severna Park, Md., and Robert F. Schroeder of this city.

A reception for 100 guests was held at The Capri, Port Ewen, following the ceremony.

The bride's traveling ensemble was a black print taffeta dress with pink hat and accessories.

Mr. and Mrs. Beiter will live at 3405 Tulane Drive, West Hyattsville, Md.

The bride, a graduate of Kingston High School, is also an alumna of State University Teachers College at New Paltz, and has done graduate work at the University of Maryland.

The bridegroom, a graduate of Johnstown High School and the University of Maryland, served two years in the Army. He is now affiliated with the University of Maryland.

Mrs. Irene Keator Celebrates Birthday At Family Picnic

Mrs. Irene Keator, her family and their children held their annual picnic at Napanoch on Sunday, at which Mrs. Keator was presented with a birthday cake.

Mrs. Keator, the mother of nine children, makes her home with her daughter, Ruth, in Claryville. She was Irene DePuy of Krumville before her marriage to the late Harry W. Keator of Olive Bridge.

Members of the family were born and reared at the old Keator homestead in Olive Bridge. The home was destroyed by lightning many years ago.

Those attending were Mr. and Mrs. Harry E. Keator, Samsonville; Mr. and Mrs. Leslie Keator, Atwood; Mr. and Mrs. James Keator and daughter Janice of Kingston; Mr. and Mrs. Vernon Keator and son Norman, Grahamsville; Mr. and Mrs. Claude DePuy and daughters Carolyn and Jeannette; Mr. and Mrs. Wilson Van Wagner and daughters Helen and Connie; Mr. and Mrs. Everett Smith and sons Donald and Duane, all of Claryville; Mr. and Mrs. Donald Keator and son Stephen of Kerhonkson.

Club Notices

Clinton Ave. Methodist Church

The first fall meeting of the Gem Society of Clinton Avenue Methodist Church will be held Tuesday, Sept. 7, at 8 p. m. in Epworth Parlors. Mrs. Burton Giles is hostess chairman; Mrs. A. L. Bervin will have charge of the devotions. Members will meet their secret pals. All members are urged to be present.

Women of the Moose

There will be a meeting of Women of the Moose at Moose Temple, Wednesday, at 8 p. m. All members are urged to attend.

Immaculate Conception School

Mothers' Club of Immaculate Conception School will resume regular monthly meetings Wednesday, at 7:30 p. m. at the school hall. All members are urged to attend. All mothers who are entering their children into the school for the first time this year are invited to join the club and attend this first meeting.

Trinity Methodist Church

The WSCS of Trinity Methodist Church will hold its first meeting of the season at 2:30 p. m. Thursday at the home of Mrs. George Long, 28 West Chester street. Mrs. D. N. Seccore will be the guest speaker. All ladies of the church are cordially invited to attend.

Personal Notes

Mr. and Mrs. William McNearney of Schenectady spent the weekend with Mr. and Mrs. Charles Phinney, 34 Shufeldt street. The McNearneys formerly resided here when Mr. McNearney was chief of plant protection at Electrol Incorporated during World War 2 prior to retirement of Mr. Phinney as chief of the Kingston Police Department.

Hyde Park Playhouse Will Hold Premiere Of 'Pride and Joy'

The Hyde Park Playhouse, Hyde Park, presents the last production of its first season to-night when Marjorie Gatenon stars in a new play by John O'Hare, *Pride and Joy*. The new play, which runs through Sunday, Sept. 5, will be the 12th production of the new summer stock theatre, and marks the second new play to be "tried-out" there this summer, the first being *Laslo Vadnay's* *The Stronger Sex* with Buddy Rogers.

Pride and Joy, directed by James Maloney, concerns a mother-son relationship which results in the downfall of both father and son. Murder has a place in the O'Hare script, committed by the son and unsuccessfully covered-up by the mother in her misguided efforts to protect the boy. Also in the cast are John Lehne, James Reese, Ray Boyle, Wood Romoff and James Maloney.

TAKING STOCK at the season's end, Polly Jo McCulloch, producer, and George Quick, co-producer, of the new playhouse, state that they are satisfied with the "over-all season record," remembering that it is a new summer theatre in a previously untapped area. The biggest draw to date was *The Stronger Sex* with Buddy Rogers which filled the 508-seat house to over-capacity every night with at least a hundred customers turned away every performance.

Plans have been drawn up to open a restaurant-bar next year in connection with the theatre, converting the now empty stables on the former Vanderbilt property to that end.

Nation's Best Dogs Will Be Entered In Po'keepsie Show

The 12th annual All Breed and Obedience Show, with almost 500 dogs entered, will be held at Riverview Field, Poughkeepsie, Saturday, Sept. 4.

Dr. R. L. Brown is chairman of the show which is sponsored by the Mid-Hudson Kennel Club.

Judge for Best in Show and Best American Breed in Show will be Jerome Rich of New York.

It is reported that some of the nation's finest dogs will be on exhibit.

Other judges will be Mrs. H. Proctor Donnell of Larchmont, Dr. Karl A. Laser and Selwyn Harris of New York, E. Pennington Meyer of New Jersey, Mrs. Walter Morf of Rahway, N. J., Frank Parker of Avon, Conn., Miss Frances J. Pierce of New Britain, Conn., Mrs. Edward P. Renner of Lake Hill, Conn., I. J. Smith of Irvington, N. J., Mrs. David L. Wall of Worcester, Mass., and Mrs. Thomas O. Vincent of Millbrook.

Dinner Will Honor Hospital Graduates

Benedictine Alumnae will honor the graduating class of 1954 of Our Lady of Victory School of Nursing with a dinner at Katsbach Inn, at 6:30 p. m. Wednesday.

Miss Margaret Molyneux is chairman of the event. Co-chairmen are Miss Claire Egan and Miss Catherine Roach.

Toaster Cover

Cover your toaster with this easy-to-make "house." Keeps it free from soil! Sew scraps over a cardboard foundation. Applique shutters, embroider flowers!

Good Taste Today

By EMILY POST

(Author of *Etiquette*, *Children Are People*, etc.)

IN THIS MODERN DAY

A mother-to-be writes: "A very dear friend of mine is going to be married next month and my husband and I have been invited to the wedding. I would like very much to go to the wedding but my husband thinks it would be very bad taste for me to go as I am expecting a baby in the not too distant future. In this modern day I don't think anyone would criticize. However, I promised to write you and abide by your decision."

It is entirely proper for you to go and wear an inconspicuous dress.

Baby Announcements

Dear Mrs. Post: Do you think friends could possibly feel obliged to send our new baby gifts if we send them birth announcements? Most of these people have been to showers given for me during the past months and have bought gifts for the baby. I wouldn't want them to feel they must send anything more.

Answer: The people who have already sent you presents are the ones to send the announcements to, and I can't imagine that they would feel it necessary to send another present.

Shipping Coffee

Dear Mrs. Post: Is it considered bad manners to take a sip of coffee while there is still some unswallowed food in the mouth? I had a sandwich and coffee the other day for lunch and took a sip from my cup before coming to the table. My girl friend, who incidentally is a perfectionist, said it was wrong to drink anything while there is still food in the mouth. Is it, Mrs. Post?

Answer: It is entirely proper to drink while you have an unnoticeable amount of food in your mouth. If the mouth were too full (which it shouldn't be) it would be bad.

Is it permissible to cut a leafy salad with a knife? Mrs. Post is sorry she cannot answer personal mail. Her leaflet E-19, "Table Rules of Importance," answers this and many other questions on table manners. To obtain this and many other questions on table manners. To obtain a copy, send 10 cents in coin to Dept. EP, in care of the Kingston Daily Freeman, Box 99, Station G, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

MODENA NEWS

Modena, Aug. 31—The WSCS will meet Thursday afternoon at 2:30 at the home of Mrs. Lester I. Arnold.

The regular meeting of the Modena Fire Department will be held Thursday at 8 p. m. at the firehouse.

The regular meeting of the Public Health Nursing Committee of the town of Plattekill will be held Tuesday evening, Sept. 7, at the home of Mrs. Earl B. DeWitt, Sr. Meetings were omitted during the summer months.

The Ladies' Aid Society of the New Hurley Reformed Church will meet Wednesday at 2:30 p. m. at the home of Mrs. Nelson Hedges.

Local members of the Ulster County Pomona Grange attended a picnic at Mid-way Beach at Benton's Corners, on Sunday. The program of games and swimming commenced at 2:30 and supper was enjoyed at 6 p. m. followed by campfire vespers.

A chicken supper will be served on Saturday, Sept. 18, at Hasbrouck Memorial Hall, serving at 5:30 and 7 p. m. Proceeds from the supper will benefit the Modena Methodist Church.

Mrs. Myron L. Shultis and Mrs. Anna L. Miller visited Mr. and Mrs. Daniel Carver in Newburgh recently.

Mrs. Elwood Powell and guest Mrs. Emma Minard of Albany were recent visitors at the home of Mrs. Nelson Hedges.

Mr. and Mrs. George Matheisen and daughter Christine have been spending several days at their cottage on the Matheisen property north of Modena.

Mrs. Freston J. Paltridge and Miss Glennie M. Wager were overnight guests of Mr. and Mrs. S. L. Bernard and family at Poughkeepsie on Tuesday and on Wednesday enjoyed a trip with the Bernards to East Meadow, L. I., where they visited Mr. and Mrs. Ray N. Brannan.

Miss Marguerite A. Smith entertained a guest from Brooklyn recently.

Artesian wells have been drilled on the properties of Harold Wager and Arthur Schonberg. The lack of water is being reported by a number of residents in this section.

Mrs. Frank E. Crawford, Jr., Mrs. Richard Crawford and children Ruth and Dickie, also Charles Crawford, Jr., of Hughsonville, visited Miss Glennie recently.

Short jacket has dropped shoulder line, low neckline filled in with velvet ascot and huge black rose. Skirt is straight, with kick-pleat.—By GAILE DUGAN, NEA Women's Editor.

SHOKAN NEWS

Shokan, Aug. 31—Mr. and Mrs. Tracy Munson of Lake Katrine were callers in the village center Sunday evening.

They were accompanied by Mrs. Munson's brother-in-law and sister Mr. and Mrs. Ralph Hummel also of Lake Katrine.

Tracy, who was brought up in Shokan and has been employed as a telegraph operator at the West Shore depot in Kingston

26 years, is step-brother to Mrs. Berlin Winchell, Port Ewen, and Stanley Shaw, Kingston War I veteran, with whom he resided as a boy in the Sand Hill neighborhood.

Other out of town people here Sunday included the following: Donald L. Clancy, Brooklyn; Mrs. O. H. Brayton, Superior, Wis.; Mr. and Mrs. Vincent Falk, Honesdale, Pa.; Theodore Fenn, Big Indian; Sonny and Gerry Mendelson, Brooklyn; Mr. and Mrs. Lengen, Kerhonkson; Elizabeth Taylor, Calif.; Robert Bertelson, Stratford, Conn.; Mr. and Mrs. W. E. Hannah, Memphis, Tenn.; and Mr. and Mrs. Franklin Bell of Richmond Hill.

Members of the annual fair committee of the Ashokan WSCS are gathering items for the free exhibit of antiques at the fair and supper this Wednesday afternoon and evening.

Mrs. Gabriel Richard of the old state road has received word of the unexpected death recently of Richard C. Angell, Sr. of North Grafton, Mass., father of Dick Angell who formerly resided for a time at the Richard home here. The elder Angell, a tool maker with the Worcester Engineering & Machine Co., was a native of Richmond, Va. His survivors include his wife who was Lucy Greene and two sons, John B. and Richard C. Angell, Jr., all of North Grafton.

Mrs. Joseph O'Reilly and infant daughter are at the Ridge Road camp of Mrs. O'Reilly's parents Mr. and Mrs. James Carpenter. Jean, who spent her summer vacations here as a girl, now makes her home on the University of Connecticut campus at Storrs in the Hartford area where her husband has been named to the faculty as instructor in chemistry. Jean, herself, studied at Connecticut and was employed in bacteriological research at Columbia University. The couple have been making their home at Hyattsville, Md., near Washington, since their marriage two years ago.

The Onteora Trail house vacated by the Bremner family is being redecorated by Homer Markle, Jr., preparatory to its occupancy in the near future by the Robert Peck family of Kingston. Robert, formerly a summer resident of long standing, is employed by a Kingston lumber company and his wife reportedly has taken the position of bookkeeper at Haver's Garage.

The James Stoutenburgh drilling outfit is engaged in bringing in a well at John Haggerty's recently completed new dwelling in the west end.

Mr. and Mrs. Jeffrey Waite, formerly of Zena, are making improvements to their place on the DuBois Corner road which for several years was known as the Wilshire property. Waite, a writer, divides his time between his new home here and New York City.

Robert Robeson, who was employed at the G. E. Schenectady plant for some time, now is a member of the drafting room staff at Standard Grange in Poughkeepsie.

Mr. and Mrs. Edward Shute of New York stopped here Sunday in the course of a weekend trip to the mountains. Shute is a retired British naval officer and his wife, a nurse, is operating room supervisor at Long Island College Hospital. Mrs. Shute's father, the Rev. M. N. Kalemian, preached in the Reformed churches at Krumville, Blue Mountain, Shokan and West Saugerties many years ago and the family for a time resided at the Ben Merrihue farmhouse in the Krumville area.

Numerous crowded buses and baggage-laden trucks going down the Onteora Trail Friday and Saturday marked the end of another season for the 17-

capacity High Point Camp at Broadhead and other children's resorts in the lower Catskills. Among the counselors at High Point was David Warrenbrand, Forest Hills, young man who several years ago operated a riding academy on the George Hauser place here. David had five saddle horses at the camp and he reports that his former associate, Peter Maurer, now has two stables at Forest Hills.

Having a birthday today is Herman Morris, one of the oldest Ashokan Reservoir employees in point of service. Herman, who is a brother of Mrs. Archie Elmendorf of Kingston, is married to the former Edna Crispell of Olive Bridge and they have two children: Richard, Kingston, and Verna (Mrs. Walter) Cook of Ashokan.

Lea Pergament, New York woman who last year was publicity director for the Woodstock Playhouse, was a recent caller in the village center. Miss Pergament, now employed in the city, plans to return to the mountains this autumn for a longer visit.

Recent callers at the corner store free museum included the following persons from other states: Mr. and Mrs. Frank Coy, Providence, R. I.; Mrs. Joseph Berman and Miss Bobbie Berman, Miami, Fla.; Geo. B. Freeman, Blumont, Va.; Harriet McCarter, Tallahassee, Fla.; Commander E. A. Coffin, U. S. Coast Guard, and wife, Washington, D. C.; Dr. Henry Diephuis, Midland Park, N. J. dentist who with his wife and two daughters are summering at their Phoenicia bungalow; Estelle G. Shea, Stratford, Conn.; Mickey Riley, Baltimore, and Mrs. A. J. Pirremz of Williamsport, Pa.

Man Is Near Death

Tokyo, Aug. 31 (AP)—One of the 23 Japanese fishermen showed by radioactive ash from an H-bomb test at Bikini last March was reported near death today. Doctors said the condition of Aikichi Kubomama, 39, was critical and "worsening." He is in a deep coma. The fisherman's wife, Suzu, told a crowded news conference she had "given up hope" for her husband's life and said he had been blind since last night. Informed observers said that if Kubomama dies, friendship between Japan and America will sink to the lowest point since the end of World War 2.

Arbenz Safety Assured

Guatemala, Aug. 31 (AP)—Supporters of ex-President Jacobo Arbenz Guzman granted safe conduct to leave Guatemala are starting their exodus into exile. Police said 17 others who "escaped" from foreign embassies where they hid out during last June's revolt against the Communist government have given themselves up and been imprisoned in a jungle camp. Seven followers of Arbenz left the Mexican embassy for Mexico yesterday.

It's wrong to harpoon a right whale. This species is protected by international agreement.

Triple Entries at Penn State

State University's lion shrine gets a three-way pat from the first set of triplets ever to enroll in the 100-year history of the school at State College, Pa. The 17-year-old triplets, who live in State College, are natives of Washington, D.C., and lived in Richmond, Va. Left to right: Joyce, Julie and Jean McCloskey. (AP Wirephoto).

Substantial . . .

encouraged to spread their payment over several tax years so they might take full advantage of the generous provision of the present laws affecting an individual's contribution to non-profit institutions such as the Kingston Hospital.

The work of soliciting special gifts will be conducted under the leadership of a committee of five which will be co-chaired by Mrs. George V. D. Hutton and Alexander B. Shufeldt and which will have as its vice-chairmen Bev. Anderson, Allan L. Hainstein and Frank B. Matthews.

TO SERVE in an advisory capacity and as sponsors of the current phase of the hospital's development program the following citizens have offered their support: Harry H. Flemming, George P. Kaufman, Fabian L. Russell, John D. Schoonmaker, Jr., Andrew J. Snyder, and Dr. Frederick Snyder.

Also announced at last night's meeting was the appointment of Stephen D. Hildebrand as treasurer of the development fund.

OF THE \$450,000 which is now being sought, \$310,000 is needed to supplement the building funds now in hand and the funds which will be forthcoming from state and federal allocations, and \$140,000 is required to retire existing mortgages.

It was explained that the present construction program will involve the expenditure of \$1,200,000. This amount includes the total cost of building, furnishing and equipping the new seven-story wing and the essential remodeling of the existing hospital which it adjoins, plus the cost of the land on which the new unit is being built, excavation, architectural fees and other contingent expenses incidental to the present construction and ultimate occupancy of the new wing.

THE AMOUNT needed for the present building program it was announced, will be derived from three sources: \$600,000 from the 1950 fund campaign which is already on hand; \$290,000 from state and federal sources which has been officially allocated, and the balance from the present stage of the Hospital Development program.

The decision of the trustees of the hospital to retire its existing mortgages has been prompted, it was explained, by the desire to put Kingston Hospital on a completely sound financial basis and to eliminate the carrying charges on this indebtedness which involve almost \$6,000 a year.

The new wing which is being built by the Anderson-Fischer Construction Association will arise seven stories from the Foxhall avenue level. Four of the seven floors will be fully completed and occupied in 1955.

THE WING will meet two major needs: it will provide room for new departments and facilities which are essential to the hospital's complete development, include an X-ray department and a department of physical medicine, and it will furnish space for the expansion of existing facilities which are now located in inadequate or obsolete quarters in the present buildings.

Among the units that will be relocated and more adequately housed will be the central kitchen, staff cafeteria and dining room, housekeeping and linen service, central storage and refrigerator area. Also relocated in the new wing will be such basic units as boiler room, emergency generator, oxygen storage quarters and receiving area.

restoring German sovereignty so far have specified that rearming must wait.

Canadian officials in Ottawa said the only logical answer to the western dilemma was to bring West Germany into NATO.

Top officials in Washington were bitterly disappointed at the French vote but made no public comment initially. Eisenhower, however, in a speech in Des Moines, Iowa, said, "we must not be discouraged. We need not despair."

IN ROME, Italian Vice Premier Giuseppe Saragat called on the "western democratic nations to renew their efforts to rebuild their solidarity in order to build an efficient community for peace and defense."

The French action posed a new threat to West German Chancellor Konrad Adenauer's government. Adenauer's chief opponent, Socialist leader Erich Ollenhauer was quick to assert that the French vote meant Adenauer's policy had failed.

The opposition chief called for the western allies to meet at once with the Soviets to consider German reunification and European security.

West German Vice Chancellor Franz Blucher said he was "disappointed and shocked" by the French action.

Adenauer conferred with his top foreign policy advisors at his Black Forest vacation retreat prior to issuance of a government statement today.

'No Promise' Made

San Antonio, Tex., Aug. 31 (AP)—The trial judge ruled today that Cpl. Claude Batchelor was not promised immunity by the U. S. Army if he would return to the allied side. On the basis of this ruling, Lt. Col. Donald L. Manes, Jr., law officer, or "judge," in the court-martial of Batchelor, turned down a defense motion that all charges against Batchelor be dropped.

Service Interrupted

State police at Highland were notified at 10 a. m., that a tree blown down on the Old Indian Road in the Milton area, had interrupted electric service, and trees were reported blown down in the Wallkill area.

Republicans May

control of Congress than any President in the last 30 years.

While there was doubt Eisenhower would attempt to match the whistle-stopping activities of Democratic former President Truman in 1950, Simpson insisted that "before this campaign is over, by way of personal appearance, television and radio, the President will have done more to influence the election than any President has done in the last 30 years."

The general reaction among national committee members was one of hope that Eisenhower would put on the kind of vigorous, personal campaign that Simpson outlined.

Although most party leaders were inclined to shove into the background the controversy over Sen. McCarthy (R-Wis.), the Young Republican National Federation took official notice of the GOP split over the issue in New Jersey.

The young Republicans adopted a resolution urging party members to support former Rep. Clifford Case in his bid for the New Jersey Senate seat being vacated by Republican Sen. Hendrickson.

Case incurred the wrath of McCarthy supporters by declaring that if he were elected he would support a move to strip McCarthy of his Senate chairmanships.

Some New Jersey Republicans have come out openly against Case and have been urging former Rep. Fred Hartley to run as an independent.

Eisenhower personally has praised Case and the Young Republicans said in their resolution that if the former representative is elected "he will become a valued leader in advancing the Eisenhower program."

Whatever Republicans elsewhere think of McCarthy, John H. Rouse, director of the GOP state organization in Wisconsin, said that McCarthy is just as popular as he ever was in his home state.

FULL OF ADMIRATION Two-year-old Donna Lee Mock, of Johnstown, Pa., loves "Prince," her talented four-year-old boxer, and her eyes show it. But the sophisticated pooch with the dizzy set of props doesn't even seem to notice the starry-eyed little girl.

President Asks

"This (EDC) proposal was established to allow Germany—Western Germany—to enter into defensive alliances without any danger whatsoever that it would be in a position to start a war or, indeed, to engage in any kind of aggression."

"Because of these characteristics of this plan, the U. S., Great Britain and all the western nations stood for it and approved this great French plan."

"NOW, THERE IS no disguising the fact that this is a serious setback. But what I want to say to your people is this: The free world is still overwhelmingly strong, as compared to the Iron Curtain countries, in the people we have, in their levels of intelligence and understanding, in their skills, in agriculture and in industry."

Eisenhower's reference to EDC as a plan originated by the French added emphasis to his disappointment that the plan also died at the hands of the French. The General Assembly's vote against it—actually on a procedural point that had the effect of killing it—reflected traditional French anxiety over the possibility of German aggression.

The crowd jammed in the grandstand and the area to the side of it listened quietly and intently when the President declared the United States must have friends because "we know that the central core of the great world problem is the aggressive intent of international communism."

HAMMERING AT the importance of collective security in the face of that situation, the President said:

"If the free world does not hang together, then the unity of communism, achieved by force, by the use of the police outside your door and the spy inside your home, that unity will take one nation at a time, beginning with the most exposed, and subdue it."

Then, repeating what he told the American Legion convention in Washington earlier yesterday, Eisenhower said such a course would lead eventually to isolation of America.

The crowd cheered when he added that must never occur—"we shall not let it occur." And he declared:

"All this world needs—all this free world needs—to be safe is a united approach to the problem of security and defense."

"We need not despair, we must not, the President said. Eisenhower and Hoover flew to Denver immediately after the chief executive concluded his address. Today they travel from the summer White House here to Fraser, Colo., for three days of trout fishing in a Rocky mountain stream.

Storm Drives

numerous planes evacuated from the Quonset Point, R. I., air station. Submarine operations were cancelled at the base at New London, Conn.

The hurricane began with winds ranging up to 150 miles an hour but it lost force last night as it surged up the Atlantic coast line, battering coastal areas and driving vacationists inland. However, no deaths or serious injuries were reported.

Its punch was expected to be around 50 to 60 miles an hour as it crossed Long Island and plowed into New England. The worst danger appeared to be from high tides.

The metropolitan area was lashed by the hurricane's fringe, which apparently extended 150 to 200 miles on each side of the center.

HIGH SEAS and downed power lines were reported along the New Jersey coast but no particular damage was recorded.

In New York, the Italian liner Cristoforo Colombo was unable to take customs men, immigration officers and public health officials as it reached port.

The authorities were aboard a small cutter, but the winds and seas slammed the cutter against the side of the liner with such force that attempts to board the big vessel were abandoned.

Veteran government men said they believed it was the first time in at least 20 years that this had happened.

THE LINER came on up the Hudson river to its pier at the foot of 44th street, but officials doubted it would be able to dock immediately because of the weather.

The superliner United States, also arriving this morning, had to drop two anchors to assist in the landing operation. The liner Queen Elizabeth, however, beat the main force of the storm getting into port and reported "practically a normal docking."

Storm warnings were hoisted from Cape Charles, Va., north to Portsmouth, N. H.

Winds of 75 MPH lashed the North Carolina coast yesterday to drive vacationists from the beaches. There was some damage, but no deaths or serious injuries were reported.

Well-warned residents of the area, who had watched Carol wallow off the Florida coast for several days took every precaution against the storm.

Exposed beaches were evacuated. Military planes were flown inland. The Red Cross, state and local authorities set up refugee centers and disaster organizations, most of which were not needed.

Perry's Eliminate Rapp's, 8-4; Subway Grill, Chezzies Upset In National Shaughnessy Tilts

Shaughnessy Playoff			
National League		American League	
Won	Lost	Won	Lost
Destroyer A.C.	1 0	Perry's Rest	2 0
Lincoln Park Inn	1 0	American Legion	1 0
Subway Grill	0 1	Skyline	0 1
Chez Emile	0 1	Rapp's Express*	0 2

Favorites tumbled to defeat in yesterday's opening games of the National League's Shaughnessy playoffs of the City Softball League, while Perry's Rest eliminated Rapp's Express, winners of the American League's regular pennant chase.

The Destroyer A.C. got off to a flying start by knocking off the champion Chez Emile squad, 7-3, behind the six-hit pitching of Frank Boyce.

In the other National playoff, Lincoln Park Inn edged Subway Grill, 3-2.

The American Legion went one up on Skyline behind Charlie Beck's one-hit pitching for a 2-1 decision.

SKYLINE AVERTED a shut-out with their only hit. Bock pitched hitless ball for five innings before Moe Osterhoudt beat out an infield safety. He took second on a wild throw, was sacrificed to third and scored on a long fly.

Singles by Ray Lindhurst, Bob Graves and Joe Fautz produced a Legion marker in the first. The winning run in the seventh was the result of singles by Lindhurst, Graves, Cliff Davis and Fautz's stroll.

Graves, the Legion second sacker, went "4 for 4," with a double and three singles. Ray Lindhurst and Joe Fautz each had two singles among the 10 hits off Don Osterhoudt.

PERRY'S WERE trailing Rapp's Express, 4-2 when they exploded for six runs in the sixth.

They wound up with 16 hits off Jack Kozlowski, including three singles by Vince Peck. Five players had two hits. John Crespi slammed a homer and Houghtaling hit a triple. Bob Slover went the route for Perry's and gave up 13 hits.

Jack Kozlowski, the losing pitcher, rapped three singles. Bill Martini and Farrelly also collected three solos.

The Destroyers assaulted Ben Freer for 14 hits, while Boyce settled down to pitching shutout ball over the last four innings.

Jim Lindsay and Leroy Williams hit home runs for the Destroyers and Johnny Lawson stroked three singles. Ronnie Scheffel had a double and single for the losers.

FRANK EMBREE'S triple enabled Lincoln Park Inn to shade Subway Grill in a battle of five-hitters between Walt Bigler and Tom Spada.

Bill Haber hit two singles for Subways and Bud Leininger had a double for Lincoln Park.

Today's schedule: Legion vs. Skyline at lower Hasbrouck.

Subway vs. Lincoln at Block. Chez Emile vs. Destroyers at St. Mary's.

Bobby Thomson Back To Haunt The Brooks, With Three-Run Homer

By BEN PHLEGAR (Associated Press Sports Writer)

No matter what happens now the New York Giants still will be in first place when they collide headon with the Brooklyn Dodgers in their three-game showdown series starting Friday in the Polo Grounds.

The margin might be as small as two percentage points. It could be as much as 5 games. But big or small it will be the Giants on top with the Dodgers trying to climb. Any small boy with experience on a greased pole can tell you that going up is the hardest.

The Dodgers, who had been burning up the west like a prairie fire during a drought, ran afoul of an old Brooklyn killer from several seasons back last night and dropped a 7-5 decision in Milwaukee.

The Giants whipped St. Louis 4-1 with Johnny Antonelli becoming the first National League pitcher to win 20 games and promptly took a 2½ length lead over the Flatbush forces.

BOBBY THOMSON, the No. 1 public enemy in Brooklyn since his dramatic homer in the 1951 playoffs between the Giants and Dodgers, showed up in a Milwaukee uniform and smashed a three-run homer in the seventh inning for the winning runs.

The Braves went into the seventh trailing 5-4. But with two outs and two mates on base, Thomson drilled one of Carl Erskine's offerings over the left center field fence, 400 feet away. There were some home runs earlier, too. Duke Snider hit his 34th with the bases empty in the first. Jack Dittmer gave the Braves a brief 4-3 lead with a two-run drive in the fourth.

Antonelli, the first Giant lefthander to win 20 since Carl Hubbell did it 17 years ago, pitched one of his best games. He held the Cards to four singles, walked three and struck out five. The Giants didn't pull ahead until the seventh when a pair of singles wrapped around a fumble produced the tie-breaking run.

THE CLEVELAND INDIANS, who put their 4½ game American League lead on the line against New York in a three-game series starting in Yankee Stadium tonight, wound up the Boston end of their season yesterday with their 11th victory in 11 starts against the Red Sox at Fenway Park.

They came from four runs behind to nip the Sox 5-4 with a

Yesterday's Stars

(By The Associated Press)

Pitching—Johnny Antonelli, New York Giants, gave up only four singles in beating St. Louis for his 20th victory. He is the first National League pitcher to win 20 this season and the first Giant lefthander to win that many in 17 seasons.

Batting—Bobby Thomson, Milwaukee Braves, hit a three-run homer that brought the Braves from behind in a 7-5 victory over Brooklyn.

Forty states competed for honors this season in the first annual national tennis tournament staged by the U. S. Junior Chamber of Commerce.

AMERICAN LEAGUE CHAMPIONS: Personnel of the Rapp's Express squad of the City Softball League includes, l to r, kneeling: Bob Perry, Bill Martini, Ken Steltz, Jimmy Riehl and John Alecca. CRASHES CHARMED CIRCLE

Antonelli Is First Giant 20-Winner Since Hubbell

St. Louis, Aug. 31 (AP)—Johnny Antonelli stands today as the National League's first 20-game winner this season and the front-running New York Giants' first southpaw to reach the magic number in 17 years.

The 24-year-old lefty turned in his 20th win, against only three defeats, last night as he held the St. Louis Cardinals to four singles for a 4-1 victory.

Antonelli came to the Giants last Feb. from Milwaukee as outfielder Bobby Thomson went to the Braves. With Milwaukee last season, he racked up a 12-12 record.

Carl Hubbell, now in the Hall of Fame, and Cliff Melton were the last New York southpaws to turn in 20 wins. Both accomplished the feat during the 1937 season.

Bob Lemon of the American League Cleveland Indians is the only other major league pitcher to win 20 this season. He turned the trick on Sunday.

ANTONELLI, WHO has pitched five shutouts and seven

one-run games among his victories, said in the clubhouse the mark was "the big thrill of my life."

"Twenty victories is the mark of stardom," Johnny said. "I don't remember when I first started to win 20 games, but it has always been my aim."

Johnny, who has lost twice to Philadelphia and once to Milwaukee, made the last assist in the game as he stopped a hot smash off the bat of Cardinal Wally Moon and threw to Whitey Lockman at first base to complete the victory.

Booster Opener

Booster League opens its 1954-55 season Tuesday, Sept. 7, at 6:45 p. m. at the Bowldrome. All team captains who have failed to list names of members are urged to do so at once.

"Jeep" is one wild duck that travels south in style—by train. "Jeep" is the stable pet of a group of racing horses which includes the stakes victor, Dinner Winner.

Carol Eckert Heads Entries For Horse Show

Carol Eckert, noted Rhinebeck horsewoman, heads the list of early entries for the horse show scheduled Sunday, Sept. 5, at the 4-J Ranch, operated by Joe Mocluski at New Salem.

Another standout entry is Pete Teller, of Middletown, who will display his fancy parade horse, silver trappings and all. The horse has been featured on TV and appeared in last New Year's Day parade sponsored by Macy's.

OTHER ENTRIES include Ernest Bud Marl of Cragmoor Torchy and Walt Martin of Cox sacker; Rene Reynoudt, Ravenna; Lorraine Goldsmith and Ben Kelly of Ellenville.

Local riders will include Izzy Epstein, Tom Donahue, Clark Ede, Ken Post and Joe School, a group from the Saddle Pals Club, Stone Ridge and many others.

A new ring has been erected on the ranch and all necessary equipment to run the cloverleaf barrel event, pole bending, trail class and other events has been secured and tried.

Caracas, Venezuela — Sandy Saddler, 129, New York, stopped Jackie Blair, 131, Dallas, Tex., 1.

Ballantine Beer watches your belt-line ...with fewer calories than any other leading beer

More and more, the call is for Ballantine Beer. Light, bright, wonderfully refreshing and fewer calories, glass for glass, than any leading beer. Ballantine's complete brewing process, you know, reduces the calories at the same time it brews in the flavor—the light, bright, refreshing flavor that has made Ballantine Beer one of America's largest selling beers. Ask the man for Ballantine—the beer that watches your belt-line.

P. Ballantine & Sons, Newark, N. J. ...one of the world's largest breweries.

"...m-m-m, that light, bright, refreshing flavor"

Vols Shut Out Kiwanis 5-0 in Fraternal Loop

County LL 'Dream 9' In Upstate Tourney

An all-star Ulster county Little League "dream team" has been organized to compete in a Moose Lodge-sponsored tournament this weekend at Johnson City.

The all-star array, featuring the pick of Kingston, Saugerties, Esopus and Highland leagues, will play a practice game against the Esopus Stars, Wednesday at 6 p. m. at Ross Park in Port Ewen.

Bob Graves will be the team manager, with Chet Barth as coach. They assembled the team at the request of local Moose officials.

The team selections: KINGSTON—Hobart Armstrong, Mike Spada, Mike Amato, Mike Carpino, Ed Ashdown.

ESOPUS—Richie Terpening, Bob Whitaker, Bernie Brown, Ed Lenhardt.

HIGHLAND—Dom DiCapua, Mike Reni, Bill Phillips.

SAUGERTIES—Terry Craft, Bob Whitaker, John Snyder.

Seniors Golf Tournament At Woodstock CC Sept. 12

R. Schatzel Cracks 568

The Woman's Major League launched its 1954-55 season last night with Rose Schatzel setting the pace with a 568 series.

The Queen racked up solos of 202, 204 and 162. Nell Glennon accounted for the other "500" in the loop with 185-161-155 for 501.

The results:

ALVERSONS (1)—Nell Alverson, 447. Nell Glennon 501. Helen Murphy 366.

SCHATZELS (2)—Rose Schatzel 568, Helen Broskie 416. Betty Helmbold 412. Mildred Krum 441.

GROSS (2)—Dot Khederian 395, Joan Krueger 437, Shirley Buckman 433.

MOSS (1)—Mary Wyant 433. Winnie Overfield 376. Mabel Davis 378, Tess Moss 448.

Harry Stuhldreher, one of Notre Dame's famous "Four Horsemen" of the 1920's, was Villanova College coach of Arthur Raimo, now assistant football coach at Yale University.

Bill Marker, West Virginia end missed the College All-Star football game last season because he had a date with his girl.

This Week's Schedule

Tuesday—Vols vs. Kiwanis.
Wednesday—Kiwanis vs. V.F.W.

The Vols blanked, Kiwanis, 5-0, behind the 4-hit pitching of Vincent Klonowski in yesterday's Fraternal Youth League game.

The Vols right hander walked two and struck out five, while the winners were collecting five hits off Ted Feeney, who issued three passes and fanned three.

All the runs came in the fifth inning. Barney Millens of the Kiwanis hit a double. The five Vols hits were singles by Richard Wenzel, Don Krueger, Jim McDonald, Bob Short, Vincent Klonowski.

The boxscore:

Kiwanis (0)		Vols (5)

Atkinson Heads For 3,000th Win

New York, Aug. 31 (P)—Any day now Jockey Ted Atkinson will move into the select group of riders who have won 3,000 or more races.

Atkinson made his lifetime total 2,996 yesterday when he won the second race at Aqueduct with Dawty (\$18.70) and the eight race with Shanny (\$9.60).

Through 1953, Atkinson's mounts had earned \$12,183, 031, and to date this season he has added approximately \$750,000 more.

MOUND FOES FOR YANKS-INDIANS SERIES—Early Wynn, at left, Cleveland Indians' right hander, is scheduled to oppose young Bob Grim, at right, Yankees' young rightie in opening game (Aug. 31) of three-game series between league-leading Tribe and second place Yankees at Yankee Stadium in New York City. Indians go into important series leading by 4½ games. Wynn has a record of 18 wins and 9 losses. Grim has a 17-5 record this season. (AP Wirephoto)

Lopez Regards Big Series As Just Three Ball Games; Mantle Worries Stengel

New York, Aug. 31 (P)—The Cleveland Indians—a warlike tribe of redskins if ever there was one—came roaring into the big town today intent on leaving Thursday night with the scalps of the New York Yankees hanging by their belts and the American League pennant wrapped up in a neat bundle.

If the Indians sweep the three-game set, starting tonight, they will have increased their lead over the Yanks to 7½ games, and it will be next to impossible for Prof. Casey Stengel's team to catch them with time rapidly running out.

At the moment the Indians are 4½ games in front and the heat is on the Yanks. To stay in the running, they must take at least two out of three against the Big Three of Manager Al Lopez's pitching staff — Early Wynn, Mike Garcia and Bob Lemon.

IN FACT, the Indians have but one disadvantage. The remaining schedule favors the Yanks somewhat. After they pull out of New York, the Tribe heads directly for Chicago and General Manager Frank Lane of the White Sox has threatened to help the Yanks in by beating the Indians.

"Our schedule doesn't worry us," said Lopez while whiling away time waiting for the night game to start. "We're just taking them as they come day by day. That's the way we look at this next Yankee series. We're rolling along fine, there's no sign of strain and we are confident we'll win."

"While you're looking at the schedule, you might notice how many games we have at home after Labor Day. Once we leave Baltimore after the holiday doubleheader, we have only three games left to play on the road."

"This definitely is a better Cleveland team than last year's. In 1953, we had trouble coming from behind. This season, we've come from behind to win 18 times since the All-Star game."

IN THE ENEMY QUARTERS, Stengel gazed out at the leaden skies and snapped:

"We've already picked up two games on the losing side since we came back to New York. These men have come through for me every year for the last five, so why shouldn't they come

Satterfield, Christensen Ring Winners

New York, Aug. 31 (P)—Win or lose, belting Bob Satterfield does it sensationally.

Action plus is the motto of the dynamite-listed, China-chinned Chicago light heavyweight contender. Either he knocks the other guy out or he winds up on the deck himself.

So far this year, 30-year-old Bob has had five fights. He was flattened in two rounds by Ezzard Charles in February. Since then he has racked up four straight victories via the kayo route. Frankie Daniels of Bakersfield, Calif., became No. 4 last night in 2:44 of the seventh round at St. Nicholas Arena.

Now ranked as the No. 6 contender among the 175-pounders, Bob said he'd like to meet champion Archie Moore or any of the five ahead of him—Harold Johnson, Joey Maxim, Paul Andrews, Floyd Patterson and boardwalk Billy Smith.

THE 179-POUND Satterfield staggered the bicycling, clowning Daniels in almost every round, but he couldn't floor him until the seventh. Then a left hook to the body decked his

Terry Corkery, Mike Spada Top National LL Players

Terry Corkery of the Braves and Mike Spada of the championship Pirates were the leading hitter and pitcher, respectively, in the National Little League this season.

Corkery collected 23 hits in 48 trips for a robust .479 average. Spada was far and away the best pitcher with 9 wins and only one loss and 96 strikeouts. Don Kruszenski, who won 4 and lost 5, whiffed 98.

CORKERY ALSO LED the league in doubles with 10. Charlie Blanschan batted .405 for second place and led the league with five homers. Lou Klein and Mike Spada clouted three each and Don Kruszenski hit two. Rounding out the top five hitters were Doug Mellin .356; Ray Radal .318 and Don Kruszenski .308.

Hank Schatzel was the only other pitcher in the circuit with better than .500, on three wins and two defeats.

15 Leading Batters

Hank Schatzel	46	11	10	.217

Extra Base Leaders

HOME RUNS—Charlie Blanschan 5; Lou Klein, Mike Spada 3; Don Kruszenski 2.

TRIPLES—Bill Boice, Ralph Fucio, Doug Mellin, 1 each.

DOUBLES—Terry Corkery 10; Frank Bonavita 5; Frank Reid, Paul Turk 4.

Pitching Records

	Won	Lost	SO
Mike Spada	9	2	96
Hank Schatzel	3	2	40
Billy Huber	4	3	53
Don Kruszenski	4	5	38
Joe Avnet	1	6	40

grinning 175-pound rival for two (he received the mandatory eight-count) and a right sent him flat on his face.

Daniels, wobbling and dazed, got up at nine but Referee Al Berl stopped it right there and ruled it a knockout.

"He was out on his feet," said Berl and rightly.

MAYBE THAT WAS no fluke win Chris Christensen scored over Billy Graham. The Danish welterweight champion looked impressive indeed last night in battering Johnny Lombardo of Mt. Carmel, Pa. for 10-round decision at Eastern Parkway Arena. The bout was telecast by ABC.

Richardson's Cup Status On Upswing

Forest Hills, Aug. 31 (P)—This may be the year young Ham Richardson gets off the bench and does some real-live playing for Uncle Sam's Davis Cup team.

He's whipped one of his greatest drawbacks — chronic leg cramps. He's playing the best tennis of his career. He's a good bet to team with Tony Trabert in the singles.

The 21-year-old intercollegiate champion from Baton Rouge, La., who at 16 was hailed as America's brightest net hope, has traveled to Australia the last three years.

But the only racquet he's swung has been in practice and all he's picked up is a deep-rooted frustration.

"Certainly, it's a bit tough knowing you're not good enough to play," Richardson said today. "But it's good experience and maybe my time will come—maybe this year."

RICHARDSON LOOKED exceptionally sharp yesterday in whipping Charles Masterson of Washington, D. C., in a second round match in the National championships 6-4, 6-3, 6-0.

Trabert, the defending champion, meets Lorne Main, little Canadian Davis Cupper with a two-fisted grip, in a featured third round match.

Favorites all came through yesterday, although three of them had trouble. Bill Talbert, U. S. Davis Cup captain last year and seeded 10th, had to rally to beat Pablo Eisenberg of Millburn, N. J., 2-6, 6-3, 3-6, 6-3, 6-2. Tom Brown of San Francisco, No. 8, was forced five sets by Fred Kovaleski of Washington, D. C., 4-6, 6-1, 8-6, 4-6, 6-4. And Sven Davidson of Sweden, third-seeded foreigner, had to go all out to beat Jack Turo of Port Washington, N. Y., 6-8, 6-3, 6-0, 9-7.

Western Mohawk area and south-central New York—Rain, moderate to heavy at times today, scattered showers by tonight. Wednesday partly cloudy, cool and rather windy. Chance for a few showers. Outlook for Thursday: Fair, continued moderately cool. Southeastern New York—Moderate to heavy rain, quite windy and continued cool, high in the 60s today. Scattered showers, lowest in the 50s tonight. East to northwest winds increasing 25-50 today, turning northwest tonight. Wednesday partly cloudy, rather windy and cool. Chance of a few showers. Outlook for Thursday: Fair and continued moderately cool. Western New York and northern Finger Lakes to Lake Ontario—mostly cloudy, cool, occasional light rain tonight. Cloudiness, continued rather cool tomorrow; some sunshine likely by afternoon.

Accidental Death Verdict in Mishap

Coroner Francis J. McCardle has given a verdict of accidental death in the case of Governor Jones, Jr., 26, of Highland, who was killed Monday morning in an accident near Milton when the car he was operating and a tractor-trailer collided. A post mortem performed by Dr. Bernard Adilman revealed Jones had suffered "fractured left ribs, left hemothorax, lacerations of the spleen, fractured left femur and right tibia." Four other passengers were also injured, two being taken to Vassar Brothers Hospital in Poughkeepsie and two more seriously injured to St. Luke's Hospital, Newburgh. The condition of Harry Brown, 66, Marlborough, and James Jones, 39, Highland, both at St. Luke's Hospital, was reported about the same. Brown being in a critical condition and Jones "fair."

Escapes Injury

Marie Von Schilling of Mount Pleasant apparently was unhurt when the automobile she was driving struck four guard posts along the Ontario Trail near the Sunset Drive-in Theatre about 11 p. m. Monday, the sheriff's office reported. The right side and both rear fenders of the automobile were damaged, according to Deputies Arthur B. Smith and Delbert Sapp, who investigated.

MORE THAN 22,000 COPIES of this poster will be displayed by the Automobile Club of New York in time for the opening of school on Tuesday and Wednesday in the state.

Safety Poster Campaign Starts Pre-School Drive

The Automobile Club of New York's ninth annual "School's Open" traffic-safety campaign will get under way officially Wednesday, Sept. 1 at 10:30 a. m. when Mayor Frederick H. Stang attaches the first campaign poster on a pole outside city hall. The mayor will be joined by Edward J. Capillo, assistant director of traffic engineering of the auto club, and local school and police officials. The red, black and white poster depicts four children crossing a street. Behind them is a huge eight-sided stop sign bearing the message, "School's Open," and across the bottom the reminder, "Drive Carefully." More than 22,000 placards will be displayed in the metropolitan New York area during September and October, 449 of them in Ulster county.

FOR THE SECOND straight year, the poster being used in the campaign was designed by 16-year-old Barbara Bomar of 37-14 86th street, Jackson Heights, Queens. She won first prize in the American Automobile Association's nationwide School Safety Poster Contest last spring.

ABOUT 80,000 "School Open" bumper strips will also be displayed on police and other official vehicles, school buses, trucks and cars belonging to auto club members.

Pointing out the effectiveness of these annual safety campaigns, the auto club reported that last year during the first two months of school there were nine traffic fatalities among children of elementary school age throughout the state. In 1945, the year before the "School's Open" campaign began, there were 35 such fatalities. The club called on all motorists to record even greater safety gains this year.

Notch Road Put On 1955 Program
Completion of the Notch Road, Route 214, has been placed on the 1955 program of the State Department of Public Works, according to a letter from Superintendent B. D. Tallamy to John Papp of Lanesville, chairman of the Stony Clove Parents Committee.

The letter, dated August 24, said the district engineer would be requested to complete the survey and design during the winter months and it was anticipated that with the use of funds appropriated by next Legislature "we will be able to progress this project to contract during the next season."

Other phases of the auto club's year-round safety education program in the schools in-

clude the distribution of more than 1,500,000 special safety posters, lesson units and safety stories for elementary school instruction, and sponsorship of the activities of more than 20,000 members of the School Safety Patrol who will soon resume duties at school intersections guiding other youngsters safely across the street.

Police Report Entry Attempt

Two incidents of malicious mischief and an apparent attempt to enter the George Boice grocery store at 186 Foxhall avenue were reported to the police today and last night.

Officers Gerald Every and John Houghtaling investigated a report at 8:05 a. m., that the Foxhall avenue store showed signs of a burglary attempt. They said a screen door on the Shufeldt street side had been forced and a 12 by 18 inch pane of glass had been broken from the inner door.

The officers said it appeared as though the person or persons attempting the entry had been frightened away. Nothing was reported missing. Elwood Robinson, warehouse manager of Bull Markets, Inc. on Downs street reported at 8:45 a. m. that hoses of a trailer parked in the warehouse area had been cut apparently with a wire cutter during the night.

OFFICERS EVERY and Houghtaling, after investigating, reported that two air hoses and a large plug attached to a tractor and trailer had been cut. The damage was discovered by Oscar Snyder, a driver.

Louis Welk, of Binghamton, reported to police headquarters at 9:40 p. m., yesterday that two three-foot slits had been made in the top of his convertible and a zipper on the rear window was broken while the car was parked in the lot of the Governor Clinton Market.

BLIND VETERAN WINS IN PRIMARY—Chris Cole, 36-year-old ex-Marine from Houston, Texas, poses at Morristown, N. J., with the new Seeing Eye dog he hopes to take to his home State Legislature. Cole, on August 28, won the Democratic nomination for a Texas House of Representatives seat, a victory tantamount to election in his district. He visited New Jersey to get a replacement for his Seeing Eye dog which died recently. (AP Wirephoto)

FATHER AND BABY HE IS CHARGED WITH ABDUCTING

—Doran Johnson, 24, plays with his 17-month-old daughter, Dorece Ann at home of his mother in Kearney, Neb. (Aug. 30). Johnson has been charged at Hartford, Conn., with abducting the child after the baby's mother, Mrs. Cecile Johnson, reported her missing. (AP Wirephoto)

"Fast talk" and a "Cheap Price" won't Keep Out the Rain!

You pay good money for a ROOF — you expect it to last for many years! "Fast talk" and "Cheap Prices" mean a slash somewhere — in quality or workmanship. Who suffers in the long run? YOU! A phone call to 5656 will bring our representative — to Prove Our Point!

For over 22 years we've been doing ROOFING work of all sorts. We really should know by now just how to do it — and do it right! You can profit by our experience.

"22 Years Service"

The Floor Furnace that SAVES SPACE! SAVES FUEL!

Coleman automatic low-cost gas heating
Shalloflow

Saves space — takes up no living room. It's simple to install — no basement, no excavating, no costly plumbing. And no air ducts are required! The new SHALLOFLOW extends below floor level only 22 3/4" and is flood-proof to 19" below. You get solid automatic gas heating comfort without work or worry.

"Here's Automatic Warm-Floor Comfort!" The SHALLOFLOW pulls cool air off the floor, heats it and circulates it for whole-house warmth. Warms 4 to 5 rooms, gives complete change of air 3 to 5 times an hour. Come in and see it!

ALSO AVAILABLE IN DUAL WALL MODEL to heat adjoining rooms at same time. only \$125 a week

Comfort costs so little with a **Coleman** America's Largest Selling Floor Furnace

Has Chin Injury

Edward Chester Decker, of 114 Foxhall avenue, notified local police at 6 p. m., yesterday that his year-old son, Dennis, suffered a chin injury, when Decker attempted to avoid hitting one of a group of boys playing baseball on Prince street

near Smith avenue. The child was thrown against the dash board as he stopped his car suddenly, Decker said.

The strange cold light produced by fireflies is caused by oxidation of a substance called luciferin.
